

**ERC Workshop  
for Starting and Consolidator grants applicants  
with Yellow Research**

**17 December, 2018**

*Staszic Palace, Maria Skłodowska-Curie Conference Room  
72 Nowy Świat, Warsaw*

The Excellence in Science Department of Polish Academy of Sciences on December 17, 2018 is organizing a workshop for researchers planning to apply for grants from the European Research Council (ERC). The workshop will be held by **Lotte Jaspers, a founding partner and CEO of Yellow Research in Amsterdam (<https://www.yellowresearch.nl/>)**.

**Yellow Research** is an European consultancy company, focusing on Horizon 2020 and in particular ERC grants. The company has an extensive experience in running EU workshops and in the pre-submission proposal reviews. Workshop offered on the December 17 in Warsaw *is also available commercially in Amsterdam (at the price of 625 euro per participant)*.

The purpose of the meeting is to provide potential ERC applicants with information on how to prepare a successful ERC proposal and manage the application process efficiently, increasing the chances of securing the grant. The workshop is addressed to researchers interested in submitting the **ERC application in Starting and Consolidator calls in 2019 and 2020**.

The workshops will be conducted **in English**. Participation to the workshop is **free of charges**.

Registration for this event is obligatory. Registration form is available at <https://goo.gl/NX4utS>  
**Registration will be closed on 12 December 2018, 13.00**. Confirmation email with further details regarding the event will be sent to participants approximately by 13 December 2018, 12.00.

Number of places is limited. The organisers reserve the right to select participants for the workshop. Selection will be based on the information provided in the registration form.

**Lotte Jaspers:** founding partner and CEO of Yellow Research in Amsterdam (<https://www.yellowresearch.nl/>). Together with Mette Skraastad, Lotte has set up courses for ERC starting and advanced grants. She has extensive experience in advising ERC candidates throughout the grant proposal preparation process. In the past she worked for the University of Amsterdam as an advisor and coordinator of knowledge transfer. She has served as an invited expert evaluator for the European Commission. Lotte has been advisor to the Dutch government with regard to Framework Programmes as well as the Dutch University Association (VSNU).
