Area of expertise

The following codes should be used, if applicable:

- 1 physical-chemical testing;
- 2 toxicity studies;
- 3 mutagenicity studies;
- 4 environmental toxicity studies on aquatic and terrestrial organisms;
- 5 studies on behaviour in water, soil and air; bioaccumulation;
- 6 residue studies;
- 7 studies on effects on mesocosms and natural ecosystems;
- 8 analytical and clinical chemistry testing;
- 9 other studies, specify.

Nature of inspection and verification

Please use one of the following codes:

- Fac (facility inspection);
- Sa (study audit);
- Full (fac+sa);
- Re-i (re-inspection as follow-up to full inspection)
- FSI (Field site inspection).

Status

GLP compliance status. Please use one of the following codes:

- Ic (in compliance);
- Nic (not in compliance).

-
- ⁱ Valid registration number of the certificate, granted after the last inspection and verification
 - ⁱⁱ Valid registration number of the certificate, granted after the last inspection and verification
 - ⁱⁱⁱ Valid registration number of the certificate, granted after the last inspection and verification
 - ^{iv} Valid registration number of the certificate, granted after the last inspection and verification
 - ^v Valid registration number of the certificate, granted after the last inspection and verification
 - ^{vi} Valid registration number of the certificate, granted after the last inspection and verification
