

DN-WAN.560.18.2025 (ex. DN-WAN.76.17.2024)

**RESOLUTION NO. 24/2025  
OF THE SCIENCE EVALUATION COMMITTEE  
of 30 July 2025**

**on the evaluation of the quality of education at a doctoral school**

Pursuant to Article 259 (1) and Article 262 (2) of the Act of 20 July 2018 - Law on Higher Education and Science (Journal of Laws of 2024, item 1571, as amended), hereinafter referred to as the "Act", having reviewed the result of the evaluation referred to in Article 262 (1) of the Act, which was carried out by the Evaluation Team, the Science Evaluation Committee

**positively evaluate the quality of education**

at the Doctoral School of IPPT PAN

run by

Institute of Fundamental Technological Research, Polish Academy of Sciences.

This evaluation applies to the period from 1 October 2019 to 18 December 2024.

**Justification:**

The Doctoral School of IPPT PAN meets the quality requirements for education at level 8 of the Polish Qualifications Framework as set out in the applicable regulations. The education programme and the structure of individual research plans are coherent and appropriate to the scientific profile of the Institute. The education process is conducted with flexibility, and the learning outcomes are assessed at multiple stages using a variety of tools. The evaluation team found no significant deficiencies in the functioning of the school. Certain aspects, such as documenting evaluation criteria and providing information access for international candidates, require clarification but do not affect the overall positive assessment. The School provides a highly qualified faculty, access to research infrastructure and effective organisation of education. Cooperation with doctoral students and internationalisation are assessed positively.

**Note:**

An entity dissatisfied with the evaluation may, pursuant to Article 262 (4) of the Act, raise objections to this evaluation within 30 days from the date of delivery of this resolution.

**Chair of the Science Evaluation Committee**
