

Three Seas Summit

The Three Seas in Its Second Decade

Powering Europe's Strategic North-South Axis

DUBROVNIK, CROATIA 2026

28-29 April

Annex of key 3SI projects

3SI INVESTMENT PROJECT CATALOGUE

The catalogue of strategic projects currently includes 76 projects in the fields of energy, transport and digital infrastructure.

Compared to the previous edition, the catalogue has been revised to remove completed projects.

Additionally, “flagship projects” are introduced for the first time. These projects were developed during the Croatian Presidency of the Three Seas Initiative.

FLAGSHIP & MULTI-COUNTRY PROJECTS

Energy

- 1) 3SI Gas Security and Hydrogen Corridors
- 2) Battery Alliance – Large-Scale Energy Storage Deployment
- 3) Central European Hydrogen Corridor
- 4) Diversification of Gas Supply Sources and Infrastructure Integration
- 5) Nordic–Baltic Hydrogen Corridor
- 6) Poseidon (ORLEN Neptun)
- 7) Vertical Corridor
- 8) Amber Gas Corridor
- 9) Baltic Eagle Gas Hub

Transport

- 10) Baltic–Adriatic Corridor
- 11) Baltic–Black–Aegean Corridor
- 12) 3SI High-Speed Rail Network Corridor
- 13) Rail Adriatic
- 14) Rail Baltica
- 15) Rail2Sea
- 16) Rhine–Danube Corridor
- 17) Synergies of High-Speed Rail Lines of the V4 and the Baltic States
- 18) Via Baltica
- 19) Via Carpatia

Digital

- 20) 3SI IRN Corridor (Intelligent Resilience Network Corridor)
- 21) 5G Corridors (Black Sea–Adriatic Highway)
- 22) 5G Cross-Border CAM Corridor
- 23) HyFly2 (PKN ORLEN)

Security/resilience

- 24) 3SI Mil
- 25) 3SI SAT

NATIONAL AND CROSS BORDER PROJECTS

AUSTRIA

Austria currently has no submitted projects.

BULGARIA

Energy

- 26) Expansion of the Chiren Gas Storage Facility

Transport

- 27) Construction of a Bridge over the Danube River (Silistra–Călărași)
- 28) Construction of the Black Sea Motorway (Varna–Burgas)
- 29) Construction of a Tunnel under the Petrohan Pass
- 30) Restoration of the Ruse–Varna Railway Line

CROATIA

Energy

- 31) Croatia–Bosnia and Herzegovina Gas Interconnector
- 32) Croatia–Slovenia Gas Pipeline
- 33) Gas Pipeline for LNG Evacuation towards Hungary, Ukraine and Eastern Europe
- 34) Ionian–Adriatic Pipeline (IAP)

Transport

- 35) Capacity Expansion of the A1 Motorway (Zagreb–Karlovac–Bosiljevo)
- 36) Capacity Expansion of the A3 Motorway – Zagreb Bypass
- 37) Completion of the Adriatic–Ionian Motorway

- 38) Construction of a Vertical Quay in the Port of Vukovar
- 39) Danube–Sava Multi-Purpose Canal
- 40) Improvement of the Sava River Waterway (Račinovci–Sisak)
- 41) Modernization of the Okučani–Vinkovci Railway Section
- 42) Modernization of the Oštarije–Knin–Split Railway Line
- 43) Port of Rijeka Development
- 44) Tanker Berth for Liquid Cargo and LPG Terminal in the Port of Ploče
- 45) Upgrade of the Sava River Waterway (Jaruge–Novi Grad)

Digital

- 46) National Broadband Infrastructure Development Programme in Areas without Sufficient Commercial Investment Interest (NP-BBI Programme)

CZECH REPUBLIC

Energy

- 47) STORK II Bi-directional Gas Interconnection Project

ESTONIA

Energy

- 48) 500 MW Estonian Pumped-Hydro Energy Storage
- 49) Pakrineeme LNG Terminal

GREECE

Transport

- 50) Study for the upgrade of sections Toxotes–Alexandroupoli
- 51) Study for the upgrade of the Strymonas–Toxotes railway line
- 52) Upgrading of Alexandroupolis port infrastructure
- 53) Preliminary Study of Transport Infrastructure Projects Connecting to the Port of Volos

HUNGARY

Energy

- 54) Hungary–Slovenia Gas Interconnector
- 55) Hydrogen Pilot Project
- 56) North–South Gas Corridor (Hungary–Slovakia)
- 57) PV Solar Power Plants (130–260 MW)
- 58) Romania–Hungary HVDC Cable
- 59) Smart Electricity Networks
- 60) Unconventional Gas Extraction Project

**Transport**

- 61) Budapest Freeport Rail Upgrade
- 62) Electrification Zalaszentiván–Nagykanizsa
- 63) Road Bridge over the Tisza River (Záhony Area)
- 64) Second track Sopron–Győr
- 65) Zalaszentiván Triangle Track

Digital

- 66) GSM-R to 5G Adaptation
- 67) Rail Infrastructure Digitalization Project
- 68) Traction Substations Upgrade

LATVIA

Energy

- 69) LatVolt LFP Battery Production Plant
- 70) Liepāja Offshore Wind and Heavy Lift Terminal

LITHUANIA

Energy

- 71) Baltic–German PowerLink
- 72) Green Hydrogen Production Plant (Klaipėda Port)
- 73) Offshore Wind Farm Grid Connection

POLAND

Poland currently has no submitted projects.

ROMANIA

Energy

- 74) Railway Transport Renewable Energy Company
- 75) Development of the National Transmission System within the Romanian section of the Gas Corridor Bulgaria–Romania–Hungary–Austria (BRUA)

Transport

- 76) Bucharest East Railway Hub Regeneration

SLOVAKIA

No additional national projects beyond flagship.

SLOVENIA

Slovenia currently has no submitted projects.
