Contractor	Consortium: Przedsiębiorstwo Budownictwa Wodno – Inżynieryjnego Ltd., 17 Bogucka Str., 32-020 Wieliczka, Poland – Consortium Leader SARIVO Infrastruktura Ltd., 14 Christo Botewa Str., 30-798 Cracow, Poland – Consortium Partner
Engineer	AECOM Polska Sp. z o.o. Project Office: 1. Pokoju Av., 31-548 Cracow, Poland

This document – forming **Appendix no. 2** to the Final Report on implementation of measures determined in the Environmental Management Plan for Contract *Flood protection in Serafa valley - Serafa 2 reservoir*,

(reporting period: February 14, 2022 - November 15, 2023),

presents a photo documentation regarding implementation of the EMP.

Foto. 1. *Serafa 2 reservoir*, second decade of February 2022 (view of the area of the planned reservoir – “zero” state before the commencement of works).

Foto. 2. *Serafa 2 reservoir*, third decade of February 2022 (cutting down trees in the area where the reservoir will be built).

Foto. 3. *Serafa 2 reservoir*, first decade of April 2022
(circulation channel of the Serafa River).

Foto. 4. *Serafa 2 reservoir*, second decade of April 2022
(fencing off the area excluded from logging and works).

Foto. 5. *Serafa 2 reservoir*, second decade of April 2022
(place of topsoil storage, marking of the heap).

Foto. 6. *Serafa 2 reservoir*, second decade of May 2022
(view of the area of the planned reservoir – preparation of the working platform).

Foto. 7. *Serafa 2 reservoir*, third decade of May 2022
(fencing off the area outside the construction site).

Foto. 8. *Serafa 2 reservoir*, third decade of July 2022
(construction of a discharge and overflow device, fence in the background).

Foto. 9. *Serafa 2 reservoir*, first decade of August 2022
(forming the reservoir embankment and shaping the reservoir bowl).

Foto. 10. *Serafa 2 reservoir*, second decade of August 2022
(construction of a discharge and overflow device).

Foto. 11. *Serafa 2 reservoir*, third decade of March 2023
(view of the facilities of construction site - social containers).

Foto. 12. *Serafa 2 reservoir*, second decade of October 2023
(completed construction works - view of the reservoir bowl).

Foto. 13. *Planting area Bargy, second decade of March 2022*
(view of the area of the planned plantings of trees and shrubs).

Foto. 14. *Planting area Bargy, third decade of April 2022*
(view of the area of plantings made in Field no. 1).

Foto. 15. *Planting area Bargy*, third decade of June 2022
(view of the area of plantings made in Field no. 3).

Foto. 16. *Planting area Bargy, third decade of September 2022*
(autumn inspection of the plantings made in spring 2022).

Foto. 17. *Planting area Bargy*, first decade of January 2023
(view of the area of plantings made in Field no. 4, where plantings were made in autumn 2022)

Foto. 18. *Planting area Bargy*, third decade of June 2023
(view of an additional Field where plantings were made in spring 2023)

FIELD No. 1

FIELD No. 2

FIELD No. 3

FIELD No. 4

ADDITIONAL FIELD

Foto. 19. *Planting area Bargy, second decade of September 2023*
(condition of plantings during the autumn inspection)
