## I Building Façade and Terrace Repairs

- \* SOLICITATION NUMBER: RFP 22-0340
- \* INSTITUTION: IBRD/IDA
- \* ASSIGNMENT LOCATION: Washington DC
- \* ISSUE DATE AND TIME: Feb 24,2022 09:25
- \* CLOSING DATE AND TIME: Mar 17,2022 15:00

CLOSING DATE AND TIME: MARCH 17, 2022 @ 3:00 PM EST

The World Bank Group (WBG) is seeking to procure the services of a General Contractor for the I (Eye) building, located at 1850 I St NW, Washington, DC 20433. This building was constructed in 1980 and consists of a brick-and-mortar facade. The repairs to the facade were identified on a 2020 facility condition assessment study. The Works includes:

- A. Examine the site and verify dimensions and conditions necessary for completion of the work.
- B. Provide protection barriers and work curtains to restrict access to work areas and to maintain safety for the building occupants, pedestrians, and vehicles and to minimize, control, and contain any debris generated by the work of this Contract.
- C. Contractor shall install overhead protection at all pedestrian and vehicular access points when working in vicinity, as well as at areas of travel that must be maintained. Overhead protection to be comprised of sturdy construction, aesthetics to blend in with the general appearance of the building exterior, and electrical to be provided within walkways .Appearance subject to Owner approval.
- D. Provide temporary waterproofing protection between removal stages and installation of new materials.
- E. Provide and support elements adjacent to work areas to prevent damage or displacement during repair work.
- F. Contractor shall utilize equipment and methods as required to comply with all OSHA requirements and regulations during repair work. At a minimum, Contractor will be required to utilize “dustless” grinders, saws, and other equipment that may create dust.
- G. Contractor shall verify independently, and with Engineer, repair quantities. Provide documentation and accounting of actual repair quantities with each application for payment.
- H. Provide labor, materials, equipment and supervision to perform the work as required by the Technical Specifications, and as outlined below. Work to take place at work areas indicated on drawings.
- I. Clean up and remove from site all construction debris in areas used in construction of this project on a daily basis. Clean-up site and building at project completion to satisfaction of Engineer and Owner.
- J. Repair all damage resulting from work

The solicitation may be obtained by sending an email to the designated Category Manager, referencing the following information:

1. Solicitation Number
2. Company Name

3. Contact Person Name and Title

4. Address

5. Telephone Number

6. Fax Number

7. Contact's Email Address

A copy of the solicitation will be sent to organizations that have replied to and are eligible to receive this advertisement. All requests and questions regarding this solicitation shall be directed to the following designated Corporate Procurement Category Manager:

Benjamin Arrial @ [barrial@worldbank.org](mailto:barrial@worldbank.org)

(Alternatively: Robert Hardesty [rhardesty@worldbank.org](mailto:rhardesty@worldbank.org))

The WBG reserves the right to publicly disclose contract award information, including but not limited to, name of company receiving the award, brief description of services, and contract award amount, for any contract award valued over US\$250,000. Offeror's proposal and contractual documents will remain confidential and therefore not subject to disclosure.

The World Bank reserves the right to reject any or all responses without recourse.
