

**REGULATION**  
**OF THE MINISTER OF AGRICULTURE AND RURAL**  
**DEVELOPMENT**<sup>1)</sup>

of .....2016

**amending the regulation on fees for activities with regard to approval of active substances, safeners and synergists as well as activities in the scope of authorisation of plant protection products, parallel trade permits and permits for trial purposes**

On the basis of Article 15 (8) of the Act of 8 March 2013 on Plant Protection Products (Journal of Laws Dz. U. of 2015, item 547, and of 2016, item 542), it is hereby ordered as follows:

§ 1. In the Regulation of the Minister of Agriculture and Rural Development of 12 July 2013 on fees for activities with regard to approval of active substances, safeners and synergists as well as activities in the scope of authorisation of plant protection products, parallel trade permits and permits for trial purposes (Journal of Laws Dz. U. item 854), the following changes are introduced:

1) § 2 and 3 shall be replaced by the following:

"§ 2. The amounts of fees referred to in § 1 point 1:

- 1) letter a and letter b, the first, fourth and fifth sentence, are specified in Appendix No. 1 to the Regulation;
- 2) letter b, the second, third and sixth sentence, are specified in Appendix No. 2 to the Regulation.

§ 3. In the case, when the application related to issuance of a decision on changing the authorisation of a plant protection product or a parallel trade permit, or a permit for trial purposes is submitted in at least two scopes, referred to in item 1 point 5 of Appendix No. 1 to the Regulation, one fee shall be paid, corresponding to the amount required for submission of an application in the scope subject to the highest fee.";

2) the previous Appendix to the Regulation shall be marked as Appendix No. 1 to the Regulation and shall have the wording as defined in Appendix No. 1 to this Regulation;

---

<sup>1)</sup> The Minister of Agriculture and Rural Development manages the activities of the government administration department of agriculture, on the basis of § 1 (2) point 1 of the Regulation of the Prime Minister of 17 November 2015 on the detailed scope of activity of the Minister of Agriculture and Rural Development (Journal of Laws Dz. U. item 1906).

- 3) Appendix No. 2 shall be added to the Regulation, in the wording specified in Appendix No. 2 to this Regulation.

§ 2. For the amount of fees for submission of an application, referred to in § 1 point 1 letter a of the Regulation amended in § 1, submitted before the effective date of this Regulation, the previous provisions shall apply.

§ 3. The Regulation shall enter into force 14 days after the date of announcement.

**THE MINISTER OF AGRICULTURE  
AND RURAL DEVELOPMENT**

Appendices to the Regulation  
of the Minister of Agriculture and Rural Development  
of .....2016 (item )

Appendix No. 1

FEES FOR SUBMISSION OF AN APPLICATION RELATED TO APPROVAL OF AN ACTIVE SUBSTANCE, A SAFENER AND A SYNERGIST, ISSUANCE OF AN AUTHORISATION OF A PLANT PROTECTION PRODUCT, A PARALLEL TRADE PERMIT AND A PERMIT FOR TRIAL PURPOSES AS WELL AS ACTIVITIES RELATED TO DOCUMENTATION VERIFICATION, PREPARATION OF THE DRAFT ASSESSMENT REPORT AND THE COMPARATIVE ASSESSMENT

Item	Type of activity	Fee amount <sup>2)</sup> in PLN
1	2	3
1.	Submission of an application related to:	
	1) approval of an active substance, a safener and a synergist	2,200
	2) issuance of an authorisation of a plant protection product, referred to in:	
	a) Article 28 (1), Article 30 (1) or Article 41 of the Regulation of the European Parliament and of the Council (EC) No. 1107/2009 of 21 October 2009 concerning the placing of plant protection products on the market and repealing Council Directives 79/117/EEC and 91/414/EEC (Official Journal of the EU L 309 of 24.11.2014, page 1, as amended), hereinafter referred to as "the Regulation No. 1107/2009", subject to letter b	8,600

---

<sup>2)</sup> The amounts of fees do not include the Value Added Tax (VAT).

1	2	3
	<p>b)Article 28 (1), Article 30 (1), Article 41, or Article 47 (1) of the Regulation No. 1107/2009, containing only one of the following active substances:</p> <ul style="list-style-type: none"> <li>- substances listed in Appendix II to the Commission Regulation (EC) No. 889/2008 of 5 September 2008 laying down detailed rules for the implementation of Council Regulation (EC) No 834/2007 on organic production and labelling of organic products with regard to organic production, labelling and control (Official Journal of the EU L 250 of 18.09.2008, page 1, as amended), hereinafter referred to as "Regulation No. 889/2008", or</li> <li>- low-risk active substances, referred to in Article 22 of the Regulation No. 1107/2009</li> </ul>	<p>500</p> <p>500</p>
	<p>c) Article 51 of the Regulation No. 1107/2009</p>	<p>500</p>

	<p>3) issuance of a parallel trade permit</p>	<p>1,900</p>
	<p>4) issuance of a permit for trial purposes</p>	<p>300</p>
	<p>5) issuance of a decision on changing an authorisation of a plant protection product or a parallel trade permit, or a permit for trial purposes, in the following scope:</p>	
	<p>a)determination of the content of active substance in the plant protection product containing one of the following active substances:</p> <ul style="list-style-type: none"> <li>– only the substances listed in Appendix II to the Regulation No. 889/2008 or low-risk active substances, referred to in Article 22 of the Regulation No. 1107/2009,</li> <li>– other substances</li> </ul>	<p>500</p> <p>1,900</p>
	<p>b) type of particular hazards to health of people or animals, or to the natural environment, in the form of standard returns or classification of a product containing one of the following active substances:</p> <ul style="list-style-type: none"> <li>– only the substances listed in Appendix II to the Regulation No. 889/2008 or low-risk active substances, referred to in Article 22 of the Regulation No. 1107/2009,</li> </ul>	<p>500</p>

1	2	3
	– other substances	1,900
	c) type of uses, for which the plant protection product may be placed on the market, dates or doses of application, in the case of a plant protection product containing one of the following active substances:  – only the substances listed in Appendix II to the Regulation No. 889/2008 or low-risk active substances, referred to in Article 22 of the Regulation No. 1107/2009,  – other substances	500  1,900
	d) renewal of a permit on the basis of Article 43 (1) of the Regulation No. 1107/2009, in the case of a plant protection product containing one of the following active substances:  – only the substances listed in Appendix II to the Regulation No. 889/2008 or low-risk active substances, referred to in Article 22 of the Regulation No. 1107/2009,  – other substances	500  8,600
	e) extension of a permit on the basis of Article 43 (6) of the Regulation No. 1107/2009, in the case of a plant protection product containing one of the following active substances:  – only the substances listed in Appendix II to the Regulation No. 889/2008 or low-risk active substances, referred to in Article 22 of the Regulation No. 1107/2009,	500
	– other substances	600
	f) transfer of rights and obligations resulting from an authorisation of a plant protection product to another entity on the basis of Article 14 of the Act of 8 March 2013 on Plant Protection Products (Journal of Laws Dz. U. of 2015, item 547, as amended), in the case of a plant protection product containing one of the following active substances:  – only the substances listed in Appendix II to the Regulation No. 889/2008 or low-risk active substances, referred to in Article 22 of the Regulation No. 1107/2009,  – other substances	500  1,000
	g) other than listed in letters a – f, in the case of a plant protection product containing one of the following active substances:	

1	2	3
	<ul style="list-style-type: none"> <li>– only the substances listed in Appendix II to the Regulation No. 889/2008 or low-risk active substances, referred to in Article 22 of the Regulation No. 1107/2009,</li> <li>– other substances</li> </ul>	<p>500</p> <p>500</p>
2.	Verification of documentation submitted along with the request for approval of active substances, safeners and synergists or extension of an approval, or as a result of review of the approval with regard to elements stipulated in Article 8 of the Regulation No. 1107/2009	9,200
3.	Preparation of the draft assessment report, referred to in Article 11 of the Regulation No. 1107/2009, in the following scope:	
	1) identity of the active substance	1,200
	2) physical and chemical properties of the active substance	4,800
	3) additional information about the active substance	1,200
	4) analytical methods of the active substance	4,800
	5) toxicological tests and metabolism studies of the active substance	4,800
	6) effectiveness of the plant protection product	4,000
	7) residue of the active substance in or on the surface of products, food and fodder exposed to the plant protection product	6,400
	8) fate and behaviour of the active substance in the environment	4,800
	9) ecotoxicological tests of the active substance	6,400
	10) literature data concerning the active substance	1,200
	11) classification and labelling of the active substance	1,200

1	2	3
4.	Preparation of a comparative assessment of plant protection products containing candidates for substitution, referred to in Article 50 of the Regulation No. 1107/2009	4,000

Appendix No. 2

FEES FOR ACTIVITIES RELATED TO PREPARATION OF DATA ASSESSMENT FOR ACTIVE SUBSTANCES AND PLANT PROTECTION PRODUCTS OR COMMENTS TO ASSESSMENT OF THESE DATA, AS WELL AS PREPARATION OF ASSESSMENT OF EQUIVALENCE

	a) information regarding the methods of analysis of the active substance, excluding the final report referred to in letter c, as well as the scientific publication or non-published scientific document referred to in letter d, in the case of the application referred to in:		
	- item 1 point 1 of Appendix No. 1 to the Regulation	2,400	250
	- item 1 points 2-5 of Appendix No. 1 to the Regulation	1,200	125
	b) information regarding the methods of determining residues, excluding the report referred to in letter c, as well as the scientific publication or non-published scientific document referred to in letter d, in the case of the application referred to in:		
	- item 1 point 1 of Appendix No. 1 to the Regulation	4,500	250
	- item 1 points 2-5 of Appendix No. 1 to the Regulation	2,250	125
	c) final test report concerning analytical methods	1,000	x
	d) scientific publication or non-published scientific document concerning analytical methods	400	x
	4) toxicological tests and metabolism studies:		
	a) toxicological tests and metabolism studies of the active substance, excluding the final report referred to in letter b, as well as the scientific publication or non-published scientific document referred to in letter c, in the case of the application referred to in:		
	- item 1 point 1 of Appendix No. 1 to the Regulation	24,000	2,000
	- item 1 points 2-5 of Appendix No. 1 to the Regulation	12,000	1,000
	b) final test report on toxicology and metabolism of the active substance	1,200	x

1	2	3	4
	c) scientific publication or non-published scientific document concerning toxicological tests and metabolism studies of the active substance	400	x
	5) residues in or on the surface of products, food and fodder exposed to the plant protection product:		
	a) residues in or on the surface of products, food and fodder exposed to the plant protection product, excluding the final report referred to in letter b, as well as the scientific publication or non-published scientific document referred to in letter c, in the case of the application referred to in:		
	- item 1 point 1 of Appendix No. 1 to the Regulation	24,000	2,000
	- item 1 points 2-5 of Appendix No. 1 to the Regulation	12,000	1,000
	b) final test report on residues in or on the surface of products, food and fodder exposed to the plant protection product	1,200	x
	c) scientific publication or non-published scientific document concerning residues in or on the surface of products, food and fodder exposed to the plant protection product	400	x
	6) fate and behaviour of the substance in the environment:		
	a) fate and behaviour of the substance in the environment, excluding the final report referred to in letter b, as well as the scientific publication or non-published scientific document referred to in letter c, in the case of the application referred to in:		
	- item 1 point 1 of Appendix No. 1 to the Regulation	24,000	2,000
	- item 1 points 2-5 of Appendix No. 1 to the Regulation	12,000	1,000
	b) final test report on the fate and behaviour of the substance in the environment	3,200	x

1	2	3	4
	c) scientific publication or non-published scientific document concerning the fate and behaviour of the substance in the environment	400	x
	7) ecotoxicological tests:		
	a) assessment of the impact of the active substance on non-target organisms, excluding the final report referred to in letters b and c, as well as the scientific publication or non-published scientific document referred to in letter f, in the case of the application referred to in:		
	- item 1 point 1 of Appendix No. 1 to the Regulation	36,000	2,500
	- item 1 points 2-5 of Appendix No. 1 to the Regulation	13,000	1,250
	b) final test report on acute toxicity tests in the scope of ecotoxicology, conducted under laboratory conditions	1,000	x
	c) final report on long-term toxicity tests in the scope of ecotoxicology, conducted under laboratory conditions	1,500	x
	d) final test report on ecotoxicology, conducted in cages or in semi-field or field conditions	3,200	x
	e) final report on ecosystem study in the micro and meso scale	4,000	x
	f) scientific publication or non-published scientific document concerning ecotoxicological tests of the active substance	400	x
	<b>2. microorganism:</b>		
	1) identity of the microorganism:		

1	2	3	4
	a) identity of the microorganism, excluding the final report referred to in letter c, as well as the scientific publication or non-published scientific document concerning the identity of the microorganism, in the case of the application referred to in:		
	- item 1 point 1 of Appendix No. 1 to the Regulation	8,000	800
	- item 1 points 2-5 of Appendix No. 1 to the Regulation	4,000	400
	b) equivalence, referred to in Article 38 (2) of the Regulation No. 1107/2009, excluding the final report referred to in letter c, as well as the scientific publication or non-published scientific document referred to in letter d	4,000	400
	c) final test report on the identity of the microorganism	650	x
	d) scientific publication or non-published scientific document concerning the microorganism	400	x
	2) biological properties of the microorganism:		
	a) biological properties of the microorganism, excluding the final report referred to in letter b, as well as the scientific publication or non-published scientific document referred to in letter c, in the case of the application referred to in:		
	- item 1 point 1 of Appendix No. 1 to the Regulation	16,000	1,600
	- item 1 points 2-5 of Appendix No. 1 to the Regulation	8,000	800
	b) final test report concerning:		
	- history of the microorganism and its applications, occurrence in natural conditions and geographical distribution	80	x

1	2	3	4
	- information regarding target organisms	80	x
	- host specificity range and impact on non-target species	80	x
	- development stages, life cycle	80	x
	- infectivity, dispersal and colonisation ability	80	x
	- relationships to known plant, animal or human pathogens	80	x
	- genetic stability and the affecting factors	80	x
	- information regarding metabolite production	80	x
	- antibiotics and other antimicrobials	80	x
	c) scientific publication or non-published scientific document concerning biological properties of the microorganism	400	x
	3) analytical methods:		
	a) information regarding analytical methods used for the microorganism in the form, in which it has been produced, excluding the final report referred to in letter c, as well as the scientific publication or non-published scientific document referred to in letter d, in the case of the application referred to in:		
	- item 1 point 1 of Appendix No. 1 to the Regulation	1,900	190
	- item 1 points 2-5 of Appendix No. 1 to the Regulation	800	80

1	2	3	4
	b) information regarding the methods of determining residues (viable and non-viable), excluding the final report referred to in letter c, as well as the scientific publication or non-published scientific document referred to in letter d, in the case of the application referred to in:		
	- item 1 point 1 of Appendix No. 1 to the Regulation	3,600	360
	- item 1 points 2-5 of Appendix No. 1 to the Regulation	1,800	180
	c) final test report concerning analytical methods	800	x
	d) scientific publication or non-published scientific document concerning analytical methods	400	x
	4) impact on human health:		
	a) impact of the microorganism on human health, excluding the final report referred to in letter b, as well as the scientific publication or non-published scientific document referred to in letter c, in the case of the application referred to in:		
	- item 1 point 1 of Appendix No. 1 to the Regulation	19,200	1,900
	- item 1 points 2-5 of Appendix No. 1 to the Regulation	9,600	960
	b) final test report on the impact of the microorganism on human health	950	x
	c) scientific publication or non-published scientific document concerning the impact of the microorganism on human health	400	x
	5) residues in or on the surface of products, food and fodder exposed to the plant protection product:		

1	2	3	4
	a) residues in or on the surface of products, food and fodder exposed to the plant protection product, excluding the final report referred to in letter b, as well as the scientific publication or non-published scientific document referred to in letter c, in the case of the application referred to in:		
	- item 1 point 1 of Appendix No. 1 to the Regulation	19,200	1,900
	- item 1 points 2-5 of Appendix No. 1 to the Regulation	9,600	960
	b) final test report on residues in or on the surface of products, food and fodder exposed to the plant protection product	950	x
	c) scientific publication or non-published scientific document concerning residues in or on the surface of products, food and fodder exposed to the plant protection product	400	x
	6) fate and behaviour in the environment:		
	a) fate and behaviour of the microorganism in the environment, excluding the final report referred to in letters b and c, as well as the scientific publication or non-published scientific document referred to in letter d, in the case of the application referred to in:		
	- item 1 point 1 of Appendix No. 1 to the Regulation	19,200	1,900
	- item 1 points 2-5 of Appendix No. 1 to the Regulation	9,600	960
	b) final test report on the fate and behaviour of the microorganism in the environment	950	x
	c) final test report on the fate and behaviour of significant metabolites of the microorganism in the environment	3,200	x
	d) scientific publication or non-published scientific document concerning the fate and behaviour of the microorganism in the environment	400	x

1	2	3	4
	7) impact on non-target organisms:		
	a) assessment of the impact of the microorganism on non-target organisms, excluding the report referred to in letter b, as well as the scientific publication or non-published scientific document referred to in letter c, in the case of the application referred to in:		
	- item 1 point 1 of Appendix No. 1 to the Regulation	28,800	2,800
	- item 1 points 2-5 of Appendix No. 1 to the Regulation	14,400	1,400
	b) final test report on the impact of the microorganism on non-target organisms	950	x
	c) scientific publication or non-published scientific document concerning the impact of the microorganism on non-target organisms	400	x
<b>II</b>	<b>Plant protection product:</b>		
	<b>1. chemical plant protection product:</b>		
	1) identity of the plant protection product:		
	a) identity of the plant protection product, excluding the final report referred to in letter c, as well as the scientific publication or non-published scientific document referred to in letter d, in the case of the application referred to in:		
	- item 1 points 2 - 4 and point 5 letter d of Appendix No. 1 to the Regulation	600	125
	- item 1 point 5 letters a, c and g of Appendix No. 1 to the Regulation	180	125

1	2	3	4
	b) information and data concerning the identity of the plant protection product, not included in the assessment referred to in Article 36 (1) of the Regulation No. 1107/2009, excluding the final report referred to in letter c, as well as the scientific publication or non-published scientific document referred to in letter d	180	x
	c) final test report on the identity of the plant protection product	1,000	x
	d) scientific publication or non-published scientific document concerning the identity of the plant protection product	400	x
	2) physical, chemical and technical properties of the plant protection product:		
	a) physical, chemical and technical properties of the plant protection product, excluding the final report referred to in letter c, as well as the scientific publication or non-published scientific document referred to in letter d, in the case of the application referred to in:		
	– item 1 points 2 - 4 and point 5 letter d of Appendix No. 1 to the Regulation concerning the plant protection product containing 1 active substance	3,000	250
	– item 1 points 2 - 4 and point 5 letter d of Appendix No. 1 to the Regulation concerning the plant protection product containing at least 2 active substances	3,500	375
	– item 1 point 5 letters a - c and g of Appendix No. 1 to the Regulation	900	125
	b) information and data concerning physical, chemical and technical properties of the plant protection product, not included in the assessment referred to in Article 36 (1) of the Regulation No. 1107/2009, excluding the final report referred to in letter c, as well as the scientific publication or non-published scientific document referred to in letter d	1,500	x
	c) final test report concerning:		

1	2	3	4
	– appearance	100	x
	– explosive and oxidising properties	100	x
	– flammability and self-heating	100	x
	– acidity/alkalinity and pH value	100	x
	– viscosity and surface tension	100	x
	– relative density and bulk density	100	x
	– stability when stored and expiry date – impact of temperature on technical properties of the plant protection product	400	x
	– technical properties of the plant protection product (wettability, foam persistence, suspensibility, spontaneity and stability of dispersion, degree of dilution and stability of the solution, distribution of particle sizes, dust content, attrition and mechanical stability)	400	x
	– emulsifiability, re-emulsifiability, emulsion stability	100	x
	– flowability, pourability and dustability	100	x
	– physical and chemical compatibility with other products, including plant protection products, with which its use is to be authorised	100	x
	– adhesion and distribution on seeds	100	x
	– other than the above listed physical and chemical properties of the active substance, necessary for classification of the active substance according to the hazard class, in accordance with the Regulation No. 1272/2008	100	x
	d) scientific publication or non-published scientific document concerning physical, chemical and technical properties of the plant protection product	400	x
	3) information regarding the plant protection product:		

1	2	3	4
	a) information regarding the plant protection product, excluding the final report referred to in letter c, as well as the scientific publication or non-published scientific document referred to in letter d, in the case of the application referred to in:		
	- item 1 points 2 - 4 and point 5 letter d of Appendix No. 1 to the Regulation in the scope of: the expected application area, effect on target organisms, detailed data concerning the intended application, dosing, concentration of the active substance, methods of application, number and schedule of applications and duration of protection, necessary waiting periods or other precautions designed to prevent phytotoxic effects on succeeding crops, suggested application instructions	60	30
	- item 1 points 2 - 4 and point 5 letter d of Appendix No. 1 to the Regulation in the scope of: re-entry safety periods, waiting periods or other precautions designed to protect people, farm animals and the environment, recommended safety methods and precautions, measures taken in the event of an accident, packaging, compliance of the product with the proposed packaging material, procedures for destruction or neutralisation of the plant protection product and its packaging	60	30
	- item 1 point 5 letters a – c and g of Appendix No. 1 to the Regulation	250	125
	b) information and data concerning the plant protection product, not included in the assessment referred to in Article 36 (1) of the Regulation No. 1107/2009, excluding the final report referred to in letter c, as well as the scientific publication or non-published scientific document referred to in letter d	600	x
	c) final test report with regard to information concerning the plant protection product	800	x

1	2	3	4
	d) scientific publication or non-published scientific document with regard to information concerning the plant protection product	400	x
	4) analytical methods:		
	a) information regarding the methods of analysis of the plant protection product, excluding the final report, referred to in letter d, as well as the scientific publication or non-published scientific document, referred to in letter e, in the case of the application referred to in:		
	– item 1 points 2 - 4 and point 5 letter d of Appendix No. 1 to the Regulation concerning the plant protection product containing 1 active substance	800	125
	– item 1 points 2 - 4 and point 5 letter d of Appendix No. 1 to the Regulation concerning the plant protection product containing at least 2 active substances	1,400	250
	– item 1 point 5 letters a - c and g of Appendix No. 1 to the Regulation	240	125
	b) information regarding analytical methods of determining residues, excluding the final report referred to in letter d, as well as the scientific publication or non-published scientific document, referred to in letter e in the case of the application referred to in:		
	– item 1 points 2 - 4 and point 5 letter d of Appendix No. 1 to the Regulation concerning the plant protection product containing 1 active substance	1,500	125
	– item 1 points 2 - 4 and point 5 letter d of Appendix No. 1 to the Regulation concerning the plant protection product containing at least 2 active substances	2,000	250
	– item 1 point 5 letters a – c and g of Appendix No. 1 to the Regulation	450	125

1	2	3	4
	c) information and data concerning analytical methods, not included in the assessment referred to in Article 36 (1) of the Regulation No. 1107/2009, excluding the final report referred to in letter d, as well as the scientific publication or non-published scientific document referred to in letter e	1,000	x
	d) final test report concerning analytical methods of the plant protection product or determining residues	1,000	x
	e) scientific publication or non-published scientific document concerning analytical methods	400	x
	5) data concerning effectiveness:		
	a) effectiveness of the plant protection product, excluding the final report referred to in letter c, as well as the scientific publication or non-published scientific document referred to in letter d, in the case of the application referred to in:		
	–item 1 points 2 - 4 and point 5 letters c and d of Appendix No. 1 to the Regulation concerning the herbicide suggested for use on one crop	5,000	500
	– item 1 points 2 - 4 and point 5 letter c and d of Appendix No. 1 to the Regulation concerning the herbicide suggested for use on two crops	6,000	625
	– item 1 points 2 - 4 and point 5 letters c and d of Appendix No. 1 to the Regulation concerning the herbicide suggested for use on: three to six crops	7,500	750
	–item 1 points 2 - 4 and point 5 letters c and d of Appendix No. 1 to the Regulation concerning the herbicide suggested for use on: 7 to 10 crops	10,000	875
	– item 1 points 2 - 4 and point 5 letters c and d of Appendix No. 1 to the Regulation concerning the herbicide suggested for use on at least eleven crops	15,000	1,000

1	2	3	4
	–item 1 points 2 - 4 and point 5 letters c and d of Appendix No. 1 to the Regulation concerning the plant protection product other than the herbicide suggested for use on one crop	4,000	375
	–item 1 points 2 - 4 and point 5 letters c and d of Appendix No. 1 to the Regulation concerning the plant protection product other than the herbicide suggested for use on two crops	4,900	500
	–item 1 points 2 - 4 and point 5 letters c and d of Appendix No. 1 to the Regulation concerning the plant protection product other than the herbicide suggested for use on: three to six crops	6,100	625
	–item 1 points 2 - 4 and point 5 letters c and d of Appendix No. 1 to the Regulation concerning the plant protection product other than the herbicide suggested for use on: 7 to 10 crops	8,000	750
	–item 1 points 2 - 4 and point 5 letters c and d of Appendix No. 1 to the Regulation concerning the plant protection product other than the herbicide suggested for use on at least eleven crops	12,000	875
	– item 1 point 5 letters a and g of Appendix No. 1 to the Regulation	1,500	250
	b) information and data concerning effectiveness, not included in the assessment referred to in Article 36 (1) of the Regulation No. 1107/2009, excluding the final report referred to in letter c, as well as the scientific publication or non-published scientific document referred to in letter d	1,500	x
	c) final test report on effectiveness of the plant protection product, in the case of submission of:		
	– one to nineteen reports	1,000 per each report	x
	– twenty to forty-nine reports	800 per each report	x
	– fifty to ninety-nine reports	600 per each report	x

1	2	3	4
	– over one hundred reports	400 per each report	x
	d) scientific publication or non-published scientific document with regard to effectiveness of the plant protection product	400	x
	6) toxicological tests:		
	a) acute toxicity, dermal absorption, available toxicological data concerning co-formulants, excluding the final report, referred to in letters e and f, as well as the scientific publication or non-published scientific document, referred to in letter g, in the case of the application referred to in:		
	– item 1 points 2 - 4 and point 5 letter d of Appendix No. 1 to the Regulation	1,200	250
	– item 1 point 5 letters a-c and g of Appendix No. 1 to the Regulation	900	100
	b) data concerning exposure (of the operator, employees, bystanders and inhabitants), excluding the final report referred to in letters e and f, as well as the scientific publication or non-published scientific document referred to in letter g, in the case of the application referred to in:		
	– item 1 points 2 - 4 and point 5 letter d of Appendix No. 1 to the Regulation concerning the plant protection product containing 1 active substance and used only in conditions other than field conditions	5,000	500
	– item 1 points 2 - 4 and point 5 letter d of Appendix No. 1 to the Regulation concerning the plant protection product containing 1 active substance and used only in field conditions	5,300	500
	– item 1 points 2 - 4 and point 5 letter d of Appendix No. 1 to the Regulation concerning the plant protection product containing 1 active substance and used in field conditions and in conditions other than field conditions	7,250	875

1	2	3	4
	– item 1 points 2 - 4 and point 5 letter d of Appendix No. 1 to the Regulation concerning a plant protection product containing at least 2 active substances and used only in conditions other than field conditions	5,900	625
	– item 1 points 2 - 4 and point 5 letter d of Appendix No. 1 to the Regulation concerning a plant protection product containing at least 2 active substances and used only in field conditions	6,700	625
	– item 1 points 2 - 4 and point 5 letter d of Appendix No. 1 to the Regulation concerning a plant protection product containing at least 2 active substances and used in field conditions and in conditions other than field conditions	8,900	1,125
	– item 1 point 5 letters a and g of Appendix No. 1 to the Regulation	1,590	250
	– item 1 point 5 letters c of Appendix No. 1 to the Regulation	2,650	375
	c) information and data concerning exposure (of the operator, employees, bystanders and inhabitants), justifying extension of the scope of use of the plant protection product by minor use, referred to in Article 51 of the Regulation No. 1107/2009, for a group of crops, excluding the final report referred to in letters e and f	2,000	375
	d) information and data concerning toxicological tests, not included in the assessment referred to in Article 36 (1) of the Regulation No. 1107/2009, excluding the final report referred to in letters e or f, as well as the scientific publication or non-published scientific document referred to in letter g	2,000	x
	e) final test report in the scope of dermal absorption	2,000	x
	f) final test report concerning toxicological properties of the plant protection product, other than referred to in letter e	1,000	x
	g) scientific publication or non-published scientific document concerning toxicological tests of the plant protection product	400	x

1	2	3	4
	7) residues in or on the surface of products, food and fodder exposed to the plant protection product:		
	a) residues in or on the surface of products, food and fodder exposed to the plant protection product, excluding the final report referred to in letter d, as well as the scientific publication or non-published scientific document referred to in letter e, in the case of the application referred to in:		
	– item 1 point 2 letters a and c, points 3 and 4 and point 5 letter d of Appendix No. 1 to the Regulation concerning a plant protection product containing 1 active substance and suggested for use on one group of crops <sup>4)</sup>	3,200	250
	– item 1 point 2 letters a and c, points 3 and 4 and point 5 letter d of Appendix No. 1 to the Regulation concerning a plant protection product containing 1 active substance and suggested for use on each subsequent group of crops <sup>2)</sup>	800	125
	– item 1 point 2 letters a and c, points 3 and 4 and point 5 letter d of Appendix No. 1 to the Regulation concerning a plant protection product containing at least 2 active substances and suggested for use on one group of crops <sup>2)</sup>	5,000	375
	– item 1 point 2 letters a and c, points 3 and 4 and point 5 letter d of Appendix No. 1 to the Regulation concerning a plant protection product containing at least 2 active substances and suggested for use on each subsequent group of crops <sup>2)</sup>	800	125

---

<sup>4)</sup> Groups of crops referred to in Appendix I to the Regulation (EC) No. 396/2005 of the European Parliament and of the Council of 23 February 2005 on the maximum residue levels of pesticides in or on food and feed of plant and animal origin and amending Council Directive 91/414/EEC (Official Journal of the EU L 70 16.03.2005, page 1, as amended)

1	2	3	4
	– item 1 point 5 letters a, b and g of Appendix No. 1 to the Regulation	960	125
	– item 1 point 5 letters c of Appendix No. 1 to the Regulation	1,600	250
	b) information and data concerning consumer exposure, justifying extension of the scope of use of the plant protection product by minor use, referred to in Article 51 of the Regulation No. 1107/2009, for a group of crops, excluding the final report referred to in letters d	1,200	250
	c) information and data concerning residues in or on the surface of products, food and fodder exposed to the plant protection product, not included in the assessment referred to in Article 36 (1) of the Regulation No. 1107/2009, excluding the final report referred to in letter d, as well as the scientific publication or non-published scientific document referred to in letter e	2,000	x
	d) final test report on residues in or on the surface of products, food and fodder exposed to the product	1,000	x
	e) scientific publication or non-published scientific document concerning residues in or on the surface of products, food and fodder exposed to the product	400	x
	8) fate and behaviour in the environment:		
	a) fate and behaviour of the plant protection product in the environment, excluding the final report referred to in letters d and e, as well as the scientific publication or non-published scientific document referred to in letter g, in the case of the application referred to in:		
	– item 1 point 2 letters a and c, points 3 and 4 and point 5 letter d of Appendix No. 1 to the Regulation concerning the plant protection product containing 1 active substance and suggested for use in field conditions	5,000	500
	– item 1 point 2 letters a and c, points 3 and 4 and point 5 letter d of Appendix No. 1 to the Regulation concerning the plant protection product containing 1 active substance and suggested for use in conditions other than field conditions	2,000	125

1	2	3	4
	– item 1 point 2 letters a and c, points 3 and 4 and point 5 letter d of Appendix No. 1 to the Regulation concerning the plant protection product containing at least 2 active substances and suggested for use in field conditions	8,800	1,000
	– item 1 point 2 letters a and c, points 3 and 4 and point 5 letter d of Appendix No. 1 to the Regulation concerning the plant protection product containing at least 2 active substances and suggested for use in conditions other than field conditions	2,000	250
	– item 1 point 5 letters a, b and g of Appendix No. 1 to the Regulation	1,500	125
	– item 1 point 5 letters c of Appendix No. 1 to the Regulation	2,500	250
	b) information and data concerning the fate and behaviour of the product in the environment, justifying extension of the scope of use of the plant protection product by minor use, referred to in Article 51 of the Regulation No. 1107/2009, for a group of crops, excluding the final report referred to in letters d and e	2,000	375
	c) information and data concerning the fate and behaviour of the product in the environment, not included in the assessment referred to in Article 36 (1) of the Regulation No. 1107/2009, excluding the final report referred to in letters d and e, as well as the scientific publication or non-published scientific document referred to in letter g	2,000	x
	d) final test report on the fate and behaviour of the plant protection product in the environment, with the test conducted under laboratory conditions	1,000	x
	e) final test report on the fate and behaviour of the plant protection product in the environment, with the test conducted in conditions other than laboratory conditions	3,200	x
	f) data from estimations of the expected concentrations in the environment in:		

1	2	3	4
	- soil	1,000	100
	- ground waters	1,000	100
	- surface waters	1,000	100
	- sediment	1,000	100
	- air	1,000	100
	g) scientific publication or non-published scientific document concerning the fate and behaviour of the plant protection product in the environment	400	x
	9) ecotoxicological tests:		
	a) assessment of the impact of the plant protection product on non-target organisms, excluding the final report referred to in letters d–g, as well as the scientific publication or non-published scientific document referred to in letter f, in the case of the application referred to in:		
	– item 1 points 2 - 4 and point 5 letter d of Appendix No. 1 to the Regulation concerning the plant protection product containing 1 active substance and suggested for use in field conditions	8,000	750
	– item 1 points 2 - 4 and point 5 letter d of Appendix No. 1 to the Regulation concerning the plant protection product containing 1 active substance and suggested for use in conditions other than field conditions	2,800	250
	– item 1 points 2 - 4 and point 5 letter d of Appendix No. 1 to the Regulation concerning the plant protection product containing at least 2 active substances and suggested for use in field conditions	14,000	1,000
	– item 1 points 2 - 4 and point 5 letter d of Appendix No. 1 to the Regulation concerning the plant protection product containing at least 2 active substances and suggested for use in conditions other than field conditions	2,800	375

1	2	3	4
	– item 1 point 5 letters a, b and g of Appendix No. 1 to the Regulation	2,400	125
	– item 1 point 5 letter c of Appendix No. 1 to the Regulation	4,000	250
	b) information and data concerning ecotoxicology, justifying extension of the scope of use of the plant protection product by minor use, referred to in Article 51 of the Regulation No. 1107/2009, for a group of crops, excluding the final report referred to in letters d-g	3,200	625
	c) information and data concerning ecotoxicology of the product, not included in the assessment referred to in Article 36 (1) of the Regulation No. 1107/2009, excluding the final report referred to in letters d-g, as well as the scientific publication or non-published scientific document referred to in letter h	2,000	x
	d) final report on acute toxicity tests in the scope of ecotoxicology, conducted under laboratory conditions	1,000	x
	e) final report on long-term toxicity tests in the scope of ecotoxicology, conducted under laboratory conditions	1,500	x
	f) final report on ecotoxicological tests, conducted in cages or in semi-field or field conditions	3,200	x
	g) final report on ecosystem study in the micro and meso scale	4,000	x
	h) scientific publication or non-published scientific document concerning ecotoxicological tests of the plant protection product	400	x
	<b>2. plant protection product containing a microorganism:</b>		
	1) identity of the plant protection product		
	a) identity of the plant protection product, excluding the final report referred to in letter c, as well as the scientific publication or non-published scientific document referred to in letter d, in the case of the application referred to in:		

1	2	3	4
	–item 1 points 2 - 4 and point 5 letter d of Appendix No. 1 to the Regulation	500	125
	–item 1 point 5 letters a, c and g of Appendix No. 1 to the Regulation	150	125
	b) information and data concerning the identity of the plant protection product, not included in the assessment referred to in Article 36 (1) of the Regulation No. 1107/2009, excluding the final report referred to in letter c, as well as the scientific publication or non-published scientific document referred to in letter d	150	x
	c) final test report on the identity of the plant protection product	800	x
	d) scientific publication or non-published scientific document concerning the identity of the plant protection product	400	x
	2) physical, chemical and technical properties of the plant protection product:		
	a) physical, chemical and technical properties of the plant protection product, excluding the final report referred to in letter c, as well as the scientific publication or non-published scientific document referred to in letter d, in the case of the application referred to in:		
	– item 1 points 2 - 4 and point 5 letter d of Appendix No. 1 to the Regulation concerning the plant protection product containing 1 active substance	2,400	250
	– item 1 points 2 - 4 and point 5 letter d of Appendix No. 1 to the Regulation concerning the plant protection product containing at least 2 active substances	2,800	375
	– item 1 point 5 letters a – c and g of Appendix No. 1 to the Regulation	720	125

1	2	3	4
	b) information and data concerning physical, chemical and technical properties of the plant protection product, not included in the assessment referred to in Article 36 (1) of the Regulation No. 1107/2009, excluding the final report referred to in letter c, as well as the scientific publication or non-published scientific document referred to in letter d	720	x
	c) final test report concerning:		
	– appearance	80	x
	– stability when stored and expiry date	300	x
	– explosive and oxidising properties	80	x
	– ignition temperature and other premises concerning flammability or self-ignition	80	x
	– acidity/alkalinity and pH value	80	x
	– viscosity and surface tension	80	x
	– technical properties of the plant protection product (wettability, foam persistence, suspensibility, suspension stability, dry and wet sieve tests, distribution of particle sizes, dust content, attrition and friability)	300	x
	– emulsifiability, re-emulsifiability, emulsion stability	80	x
	– flowability, pourability and dustability	80	x
	– physical, chemical and biological compliance with other products, including plant protection products, with which its use is to be authorised	80	x
	– adhesion and distribution on seeds	80	x
	d) scientific publication or non-published scientific document concerning physical, chemical and technical properties of the plant protection product	400	x
	3) information regarding the plant protection product, concerning:		

1	2	3	4
	a) information regarding the plant protection product, excluding the final report referred to in letter c, as well as the scientific publication or non-published scientific document referred to in letter d, in the case of the application referred to in:		
	– item 1 points 2 - 4 and point 5 letter d of Appendix No. 1 to the Regulation in the scope of: the expected application area, principles of operation, detailed data concerning the intended use, dosing, microorganisms content in the used material, methods of application, number and schedule of applications and duration of protection, necessary waiting periods or other precautions designed to prevent phytopathogenic effects on succeeding crops, suggested application instructions	60	30
	– item 1 points 2 - 4 and point 5 letter d of Appendix No. 1 to the Regulation in the scope of: packaging and compliance of the product with the suggested packaging, cleaning procedures of the used equipment, re-entry safety periods, waiting periods or other precautions designed to protect people, farm animals and the environment, recommended safety methods and precautions concerning handling of the product, its storage, transport or in the case of fire, measures taken in the event of an accident, procedures for destruction or neutralisation of the plant protection product and its packaging	60	30
	– item 1 point 5 letters a - c and g of Appendix No. 1 to the Regulation	250	125
	b) information and data concerning the plant protection product, not included in the assessment referred to in Article 36 (1) of the Regulation No. 1107/2009, excluding the final report referred to in letter c, as well as the scientific publication or non-published scientific document referred to in letter d	250	x
	c) test report with regard to information concerning the plant protection product	800	x
	d) scientific publication or non-published scientific document with regard to information concerning the plant protection product	400	x

1	2	3	4
	4) analytical methods:		
	a) information regarding analytical methods of the plant protection product, excluding the final report referred to in letter d, as well as the scientific publication or non-published scientific document referred to in letter e, in the case of the application referred to in:		
	– item 1 points 2 - 4 and point 5 letter d of Appendix No. 1 to the Regulation concerning the plant protection product containing 1 active substance	650	125
	– item 1 points 2 - 4 and point 5 letter d of Appendix No. 1 to the Regulation concerning the plant protection product containing at least 2 active substances	1,100	250
	– item 1 point 5 letters a, c and g of Appendix No. 1 to the Regulation	200	125
	b) information regarding analytical methods of determining residues, excluding the final report referred to in letter d, as well as the scientific publication or non-published scientific document referred to in letter e, in the case of the application referred to in:		
	– item 1 points 2 - 4 and point 5 letter d of Appendix No. 1 to the Regulation concerning the plant protection product containing 1 active substance	1,200	125
	– item 1 points 2 - 4 and point 5 letter d of Appendix No. 1 to the Regulation concerning the plant protection product containing at least 2 active substances	1,600	250
	– item 1 point 5 letters a, c and g of Appendix No. 1 to the Regulation	360	125
	c) information and data concerning analytical methods, not included in the assessment referred to in Article 36 (1) of the Regulation No. 1107/2009, excluding the final report referred to in letter d, as well as the scientific publication or non-published scientific document referred to in letter e	300	x
	d) final test report concerning analytical methods of the plant protection product or determination of residues	800	x

1	2	3	4
	e) scientific publication or non-published scientific document concerning analytical methods	400	x
	5) data concerning effectiveness:		
	a) effectiveness of the plant protection product, excluding the final report referred to in letter c, as well as the scientific publication or non-published scientific document referred to in letter d, in the case of the application referred to in:		
	– item 1 points 2-4 and point 5 letters c and d of Appendix No. 1 to the Regulation concerning the herbicide suggested for use on one crop	4,000	500
	– item 1 points 2-4 and point 5 letters c and d of Appendix No. 1 to the Regulation concerning the herbicide suggested for use on two crops	4,800	625
	– item 1 points 2-4 and point 5 letters c and d of Appendix No. 1 to the Regulation concerning the herbicide suggested for use on: three to six crops	6,000	750
	– item 1 points 2-4 and point 5 letters c and d of Appendix No. 1 to the Regulation concerning the herbicide suggested for use on: 7 to 10 crops	8,000	875
	– item 1 points 2-4 and point 5 letters c and d of Appendix No. 1 to the Regulation concerning the herbicide suggested for use on at least eleven crops	12,000	1,000
	– item 1 points 2-4 and point 5 letters c and d of Appendix No. 1 to the Regulation concerning the plant protection product other than the herbicide suggested for use on one crop	3,200	375
	– item 1 points 2-4 and point 5 letters c and d of Appendix No. 1 to the Regulation concerning the plant protection product other than the herbicide suggested for use on two crops	3,900	500
	– item 1 points 2-4 and point 5 letters c and d of Appendix No. 1 to the Regulation concerning the plant protection product other than the herbicide suggested for use on: three to six crops	4,900	625

1	2	3	4
	– item 1 points 2-4 and point 5 letters c and d of Appendix No. 1 to the Regulation concerning the plant protection product other than the herbicide suggested for use on: 7 to 10 crops	6,500	750
	– item 1 points 2-4 and point 5 letters c and d of Appendix No. 1 to the Regulation concerning the plant protection product other than the herbicide suggested for use on at least eleven crops	10,000	875
	– item 1 point 5 letters a and g of Appendix No. 1 to the Regulation	1,200	250
	b) information and data concerning effectiveness, not included in the assessment referred to in Article 36 (1) of the Regulation No. 1107/2009, excluding the final report referred to in letter c, as well as the scientific publication or non-published scientific document referred to in letter d	1,200	x
	c) final test report on effectiveness of the plant protection product, in the case of submission of:		
	– one to nineteen reports	950 per each report	x
	– twenty to forty-nine reports	750 per each report	x
	– fifty to ninety-nine reports	550 per each report	x
	– over one hundred reports	350 per each report	x
	d) scientific publication or non-published scientific document with regard to effectiveness of the plant protection product	400	x
	6) impact on human health:		
	a) acute toxicity, available toxicological data concerning co-formulants, additional tests concerning use of the plant protection product in mixture with other preparations, excluding the final report referred to in letter e, as well as the scientific publication or non-published scientific document referred to in letter f, in the case of the application referred to in:		

1	2	3	4
	– item 1 points 2 - 4 and point 5 letter d of Appendix No. 1 to the Regulation	950	250
	– item 1 point 5 letters a - c and g of Appendix No. 1 to the Regulation	290	125
	b) data concerning exposure (of the operator, employees, bystanders and inhabitants), excluding the final report referred to in letter e, as well as the scientific publication referred to in letter f, in the case of the application referred to in:		
	– item 1 points 2 - 4 and point 5 letter d of Appendix No. 1 to the Regulation concerning the plant protection product containing 1 active substance and used only in conditions other than field conditions	4,000	500
	– item 1 points 2 - 4 and point 5 letter d of Appendix No. 1 to the Regulation concerning the plant protection product containing 1 active substance and used only in field conditions	4,250	500
	– item 1 points 2 - 4 and point 5 letter d of Appendix No. 1 to the Regulation concerning the plant protection product containing 1 active substance and used in field conditions and in conditions other than field conditions	5,780	875
	– item 1 points 2 - 4 and point 5 letter d of Appendix No. 1 to the Regulation concerning the plant protection product containing at least 2 active substances and used only in conditions other than field conditions	4,700	625
	– item 1 points 2 - 4 and point 5 letter d of Appendix No. 1 to the Regulation concerning the plant protection product containing at least 2 active substances and used only in field conditions	5,350	625
	– item 1 points 2 - 4 and point 5 letter d of Appendix No. 1 to the Regulation concerning the plant protection product containing at least 2 active substances and used in field conditions and in conditions other than field conditions	7,050	1,125
	– item 1 point 5 letters a, b and g of Appendix No. 1 to the Regulation	1,280	250
	– item 1 point 5 letters c of Appendix No. 1 to the Regulation	2,150	375

1	2	3	4
	c) information and data concerning exposure of the operator, third parties and employees, justifying extension of the scope of use of the plant protection product by minor use, referred to in Article 51 of the Regulation No. 1107/2009, for a group of crops, excluding the final report referred to in letter e	1,600	250
	d) information and data concerning toxicological tests, not included in the assessment referred to in Article 36 (1) of the Regulation No. 1107/2009, excluding the final report referred to in letter e, as well as the scientific publication or non-published scientific document referred to in letter f	1,600	x
	e) final test report on the toxicological properties of the plant protection product	800	x
	f) scientific publication or non-published scientific document concerning toxicological tests of the plant protection product	400	x
	7) residues in or on the surface of products, food and fodder exposed to the plant protection product:		
	a) residues in or on the surface of products, food and fodder exposed to the plant protection product, excluding the final report referred to in letter d, as well as the scientific publication or non-published scientific document referred to in letter e, in the case of the application referred to in:		
	– item 1 points 2 - 4 and point 5 letters c and d of Appendix No. 1 to the Regulation concerning the plant protection product containing 1 active substance and suggested for use on one group of crops <sup>2)</sup>	2,550	250
	– item 1 points 2 - 4 and point 5 letters c and d of Appendix No. 1 to the Regulation concerning the plant protection product containing 1 active substance and suggested for use on each subsequent group of crops <sup>2)</sup>	650	125
	– item 1 points 2 - 4 and point 5 letters c d of Appendix No. 1 to the Regulation concerning the plant protection product containing at least 2 active substances and suggested for use on one group of crops <sup>2)</sup>	4,000	375

1	2	3	4
	– item 1 points 2 - 4 and point 5 letters c d of Appendix No. 1 to the Regulation concerning the plant protection product containing at least 2 active substances and suggested for use on each subsequent group of crops <sup>2)</sup>	650	125
	– item 1 point 5 letters a, b and g of Appendix No. 1 to the Regulation	770	125
	– item 1 point 5 letter c of Appendix No. 1 to the Regulation	1,280	250
	b) information and data concerning consumer exposure, justifying extension of the scope of use of the plant protection product by minor use, referred to in Article 51 of the Regulation No. 1107/2009, for a group of crops, excluding the final report referred to in letters d	950	250
	c) information and data concerning residues in or on the surface of products, food and fodder exposed to the plant protection product, not included in the assessment referred to in Article 36 (1) of the Regulation No. 1107/2009, excluding the final report referred to in letter d, as well as the scientific publication or non-published scientific document referred to in letter e	1,200	x
	d) final test report on residues in or on the surface of products, food and fodder exposed to the plant protection product	800	x
	e) scientific publication or non-published scientific document concerning residues in or on the surface of products, food and fodder exposed to the product	400	x
	8) fate and behaviour in the environment:		
	a) fate and behaviour of the plant protection product in the environment, excluding the scientific publication referred to in letter e, in the case of the application referred to in:		
	– item 1 points 2 - 4 and point 5 letter d of Appendix No. 1 to the Regulation concerning the plant protection product containing 1 active substance and suggested for use in field conditions	4,000	500

1	2	3	4
	– item 1 points 2 - 4 and point 5 letter d of Appendix No. 1 to the Regulation concerning the plant protection product containing 1 active substance and suggested for use in conditions other than field conditions	1,600	125
	– item 1 points 2 - 4 and point 5 letter d of Appendix No. 1 to the Regulation concerning the plant protection product containing at least 2 active substances and suggested for use in field conditions	7,050	750
	– item 1 points 2 - 4 and point 5 letter d of Appendix No. 1 to the Regulation concerning the plant protection product containing at least 2 active substances and suggested for use in conditions other than field conditions	1,600	250
	– item 1 point 5 letters a and g of Appendix No. 1 to the Regulation	1,200	125
	– item 1 point 5 letters c of Appendix No. 1 to the Regulation	2,000	250
	b) information and data concerning the fate and behaviour of the product in the environment, justifying extension of the scope of use of the plant protection product by minor use, referred to in Article 51 of the Regulation No. 1107/2009 for a group of crops, excluding the final report referred to in letters d	1,600	250
	c) information and data concerning the fate and behaviour in the environment, not included in the assessment referred to in Article 36 (1) of the Regulation No. 1107/2009, excluding the final report referred to in letter d, as well as the scientific publication or non-published scientific document referred to in letter e	1,200	x
	d) final test report concerning the fate and behaviour in the environment	1,000	x
	e) scientific publication or non-published scientific document concerning the fate and behaviour of the plant protection product in the environment	400	x
	9) ecotoxicological tests:		

1	2	3	4
	a) assessment of the impact of the plant protection product on non-target organisms, excluding the final report referred to in letter d, as well as the scientific publication or non-published scientific document referred to in letter e, in the case of the application referred to in:		
	– item 1 points 2 - 4 and point 5 letter d of Appendix No. 1 to the Regulation concerning the plant protection product containing 1 active substance and suggested for use in field conditions	6,400	625
	– item 1 points 2 - 4 and point 5 letter d of Appendix No. 1 to the Regulation concerning the plant protection product containing 1 active substance and suggested for use in conditions other than field conditions	2,250	250
	– item 1 points 2 - 4 and point 5 letter d of Appendix No. 1 to the Regulation concerning the plant protection product containing at least 2 active substances and suggested for use in field conditions	11,200	875
	– item 1 points 2 - 4 and point 5 letter d of Appendix No. 1 to the Regulation concerning the plant protection product containing at least 2 active substances and suggested for use in conditions other than field conditions	2,250	250
	– item 1 point 5 letters a, b and g of Appendix No. 1 to the Regulation	1,920	125
	– item 1 point 5 letter c of Appendix No. 1 to the Regulation	3,200	250
	b) information and data concerning ecotoxicology, justifying extension of the scope of use of the plant protection product by minor use, referred to in Article 51 of the Regulation No. 1107/2009, for a group of crops, excluding the report referred to in letter d	2,550	500
	c) information and data concerning ecotoxicology, not included in the assessment referred to in Article 36 (1) of the Regulation No. 1107/2009, excluding the final report referred to in letter d, as well as the scientific publication or non-published scientific document referred to in letter e	1,200	x

1	2	3	4
	d) final test report on the ecotoxicological properties of the plant protection product	800	x
	e) scientific publication or non-published scientific document concerning ecotoxicological tests of the plant protection product	400	x
