

Zębowe zagadki

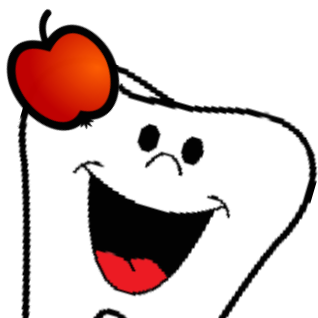

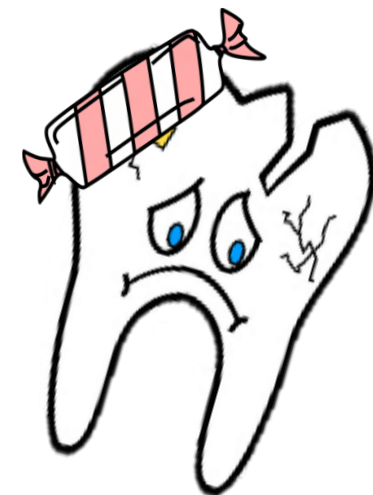

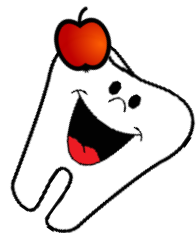

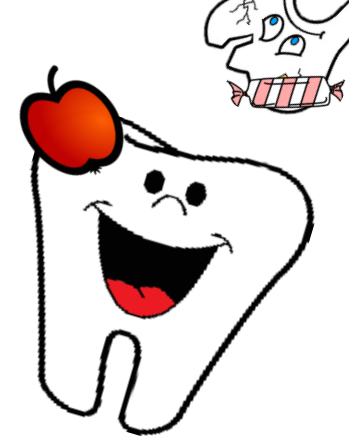

W nim zęby są zatopione,
ale nie pływają jak
szalone

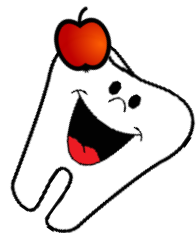

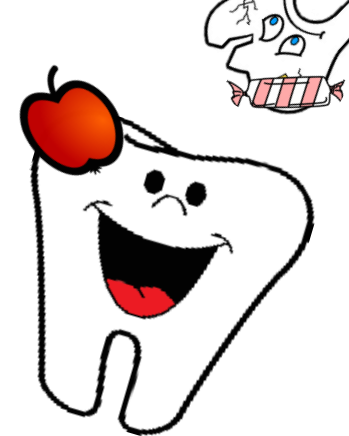

Dziąsto

Każdej królowej głowa nią
pokryta, a to przecież
zębów część ponad
dziąstami odkryta

Korona

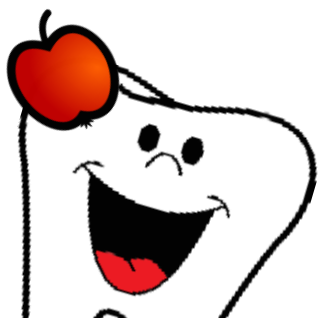

Może być elektryczna
i manualna, kolorowa
i biało-czarna

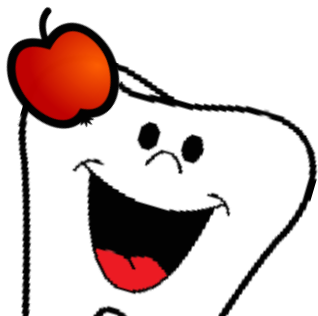

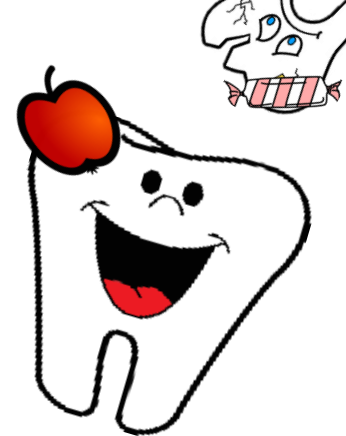

Szczoteczka
do zębów

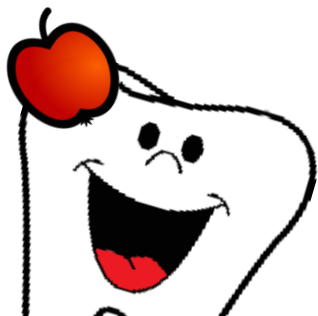

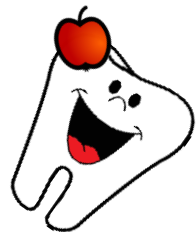

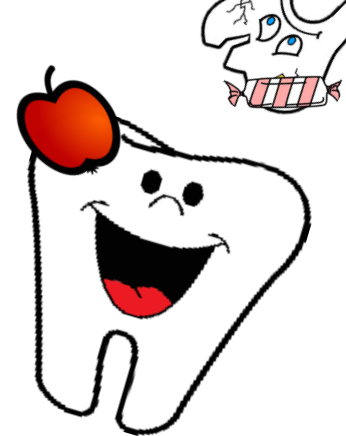

Nakładasz mnie na
szczoteczkę, gdy o zęby
chcesz zadbać troszeczkę

pasta do zębów

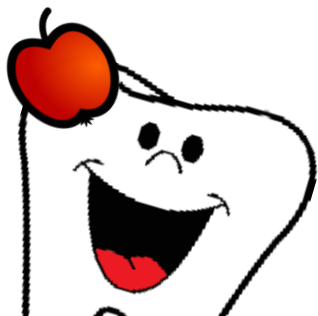

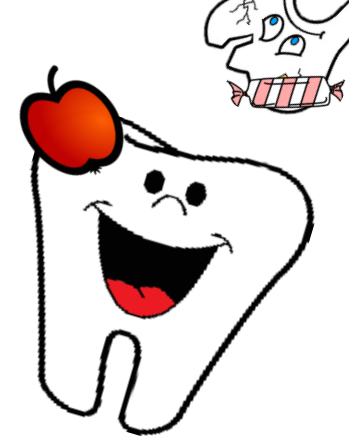

Jestem cienka i zwinna,
przez co mogę wchodzić
w przestrzenie
międzyzębowe

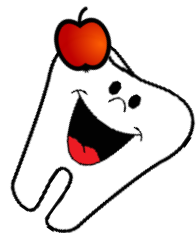

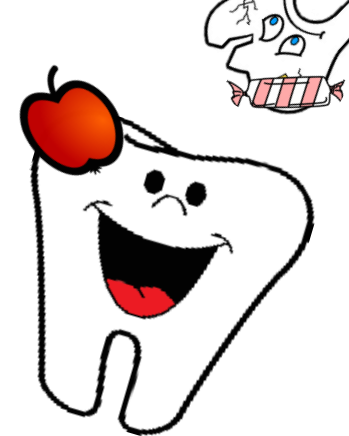

Ni
dentystyczna

Zawsze w przychodni
w fartuchu białym, zęby
tak leczy, aby nie bolały

Dentysta

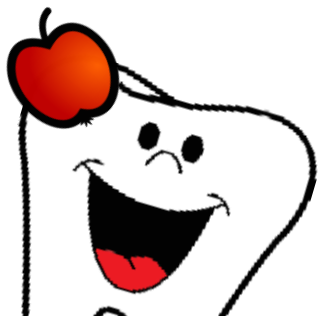

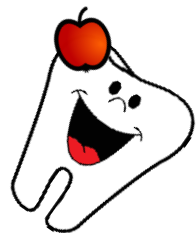

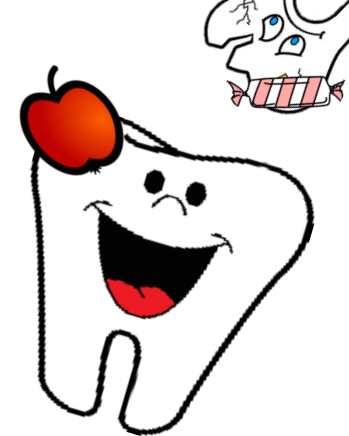

Jak samochód ma
silniczek i czyści bez
ustanku, gdy używasz
jej rano i o poranku

Szczoteczka
elektryczna

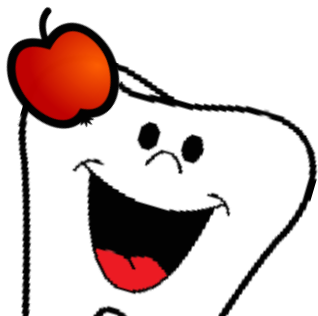

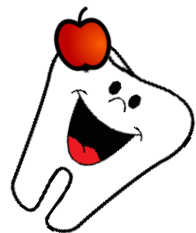

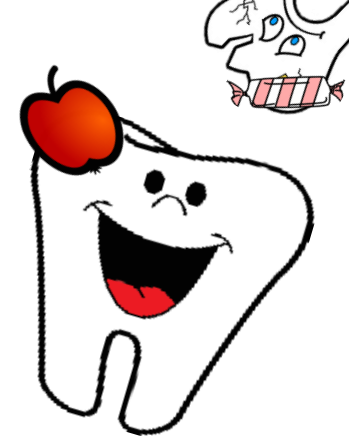

Jest różowy, bardzo giętki,
powie wszystko, co chce głowa,
lecz nie warto się nim chwalić
- dłuższy ma na pewno krowa

Język

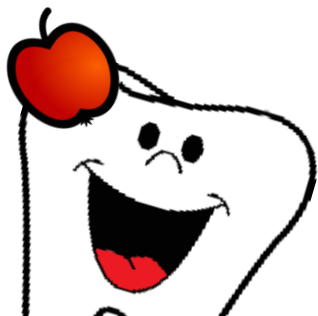

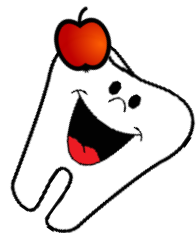

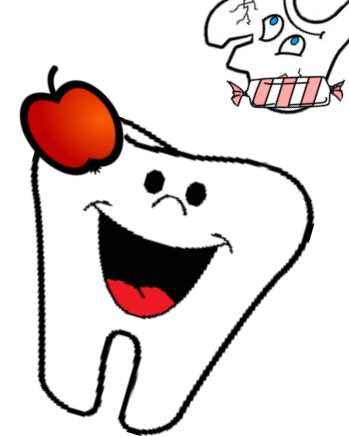

co to za zwierzę pływające,
które zębów ma tysiące?

Rekin

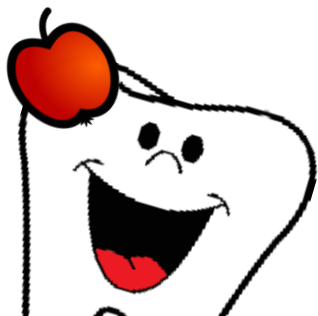

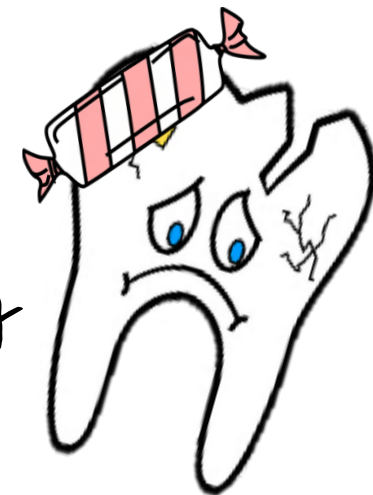

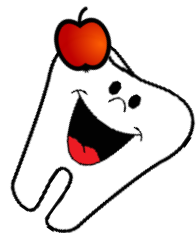

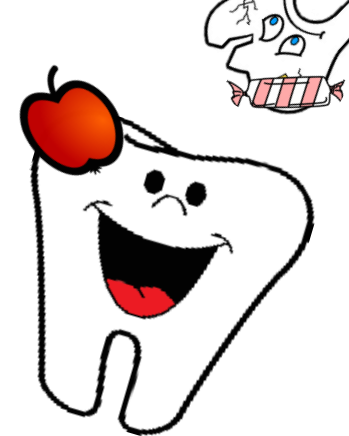

O czym mówi zasada
2:2?

Ile razy dziennie i ile
minut należy myć zęby

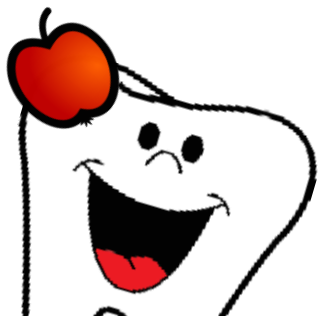

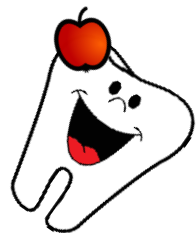

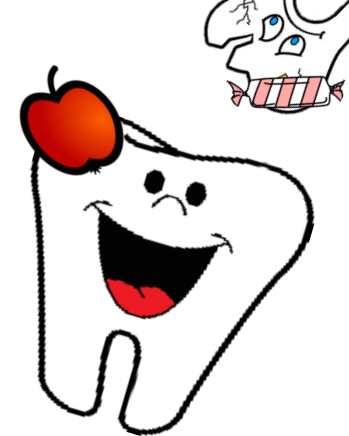

**Choroba zębów,
wytwarzana przez
bakterie żyjące w jamie
ustnej.**

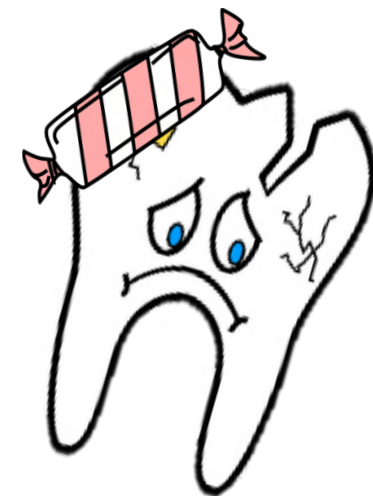

Próchnica

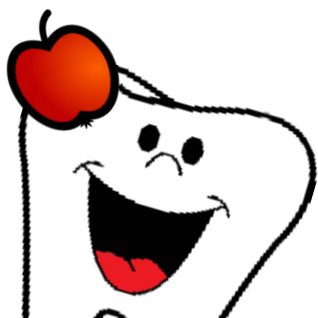

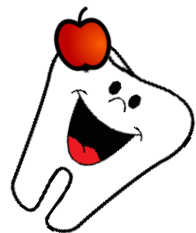

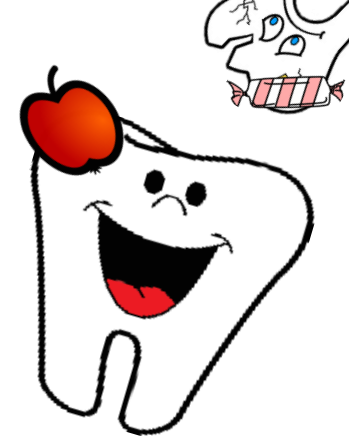

Mate, białe, lśniące.
Mają je już mate
brzdące

Zęby

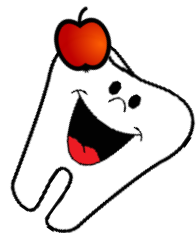

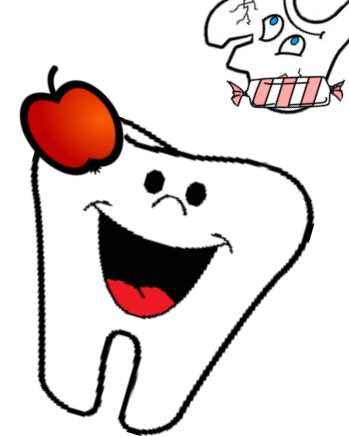

Które zwierzę pływające ma
zęby jak igły kłujące?

Delfin

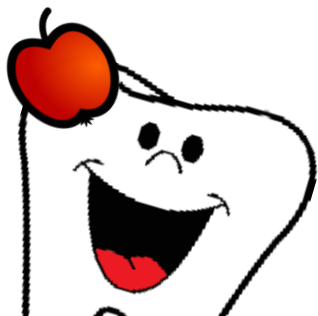

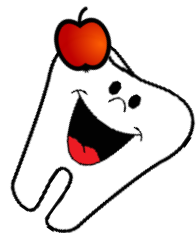

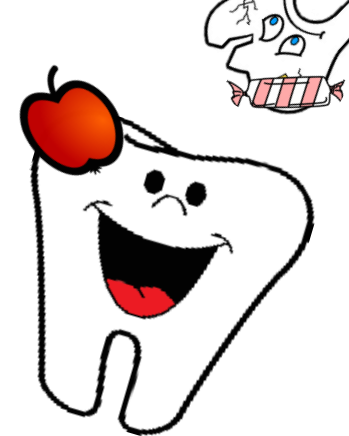

Lepki nalot, który ściśle
przylega do
powierzchni zębów

Płytkka nazębna

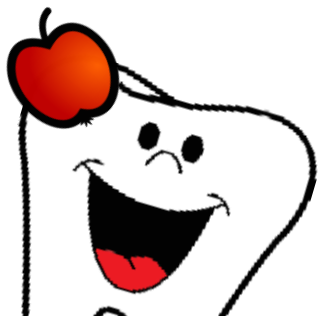

Do powstania czego
prowadzi nadmiar
płytki nazębnej?

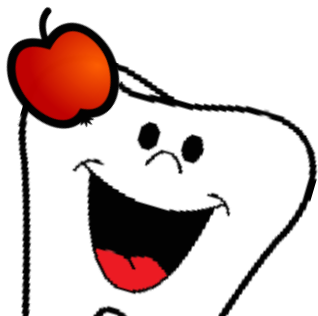

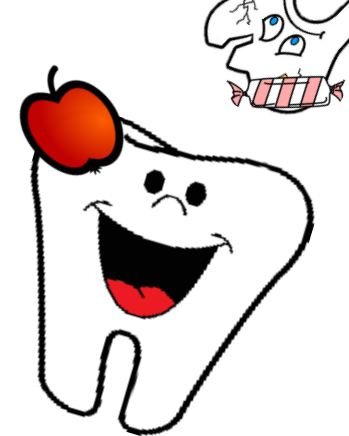

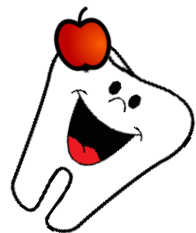

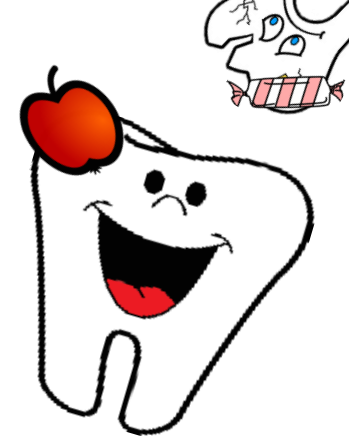

Kamienia
nazębnego

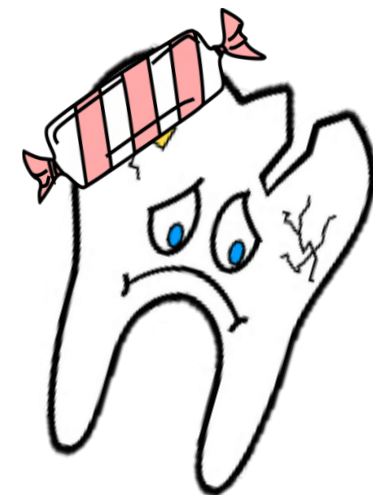

Cóż to za sznury
wielkie, ciągnące wciąż
drzewa w ziemi, a zęby
w dziąśle trzymające?

Korzenie

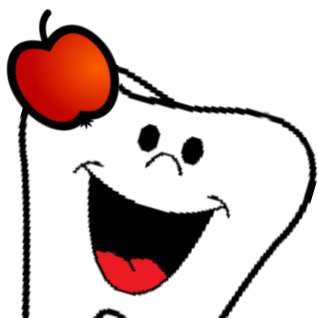

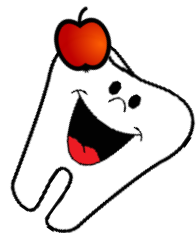

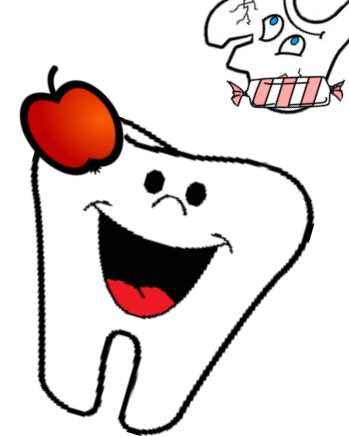

**Magiczny płyn, który
odświeża oddech.**

**Płyn
do płukania**

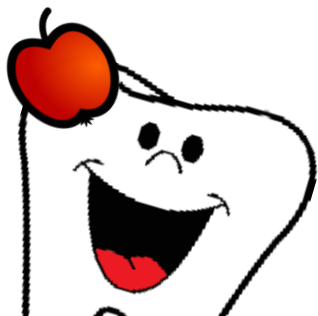

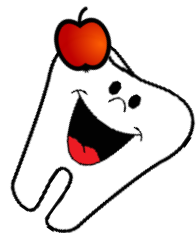

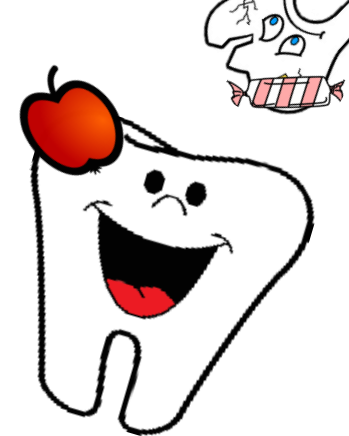

Jaki składnik pasty do
zębów działa
przeciwbakteryjnie?

Fluor

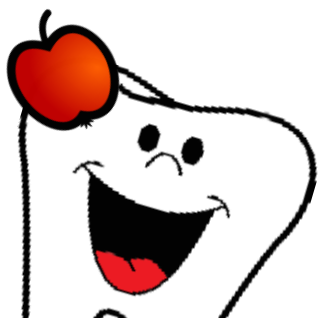

Jaki składnik pasty do
zębów wzmacnia
szkliwo?

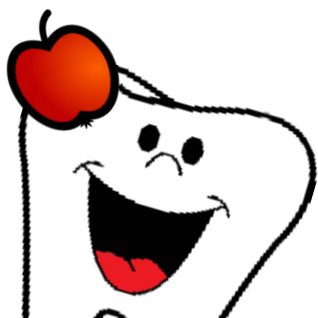

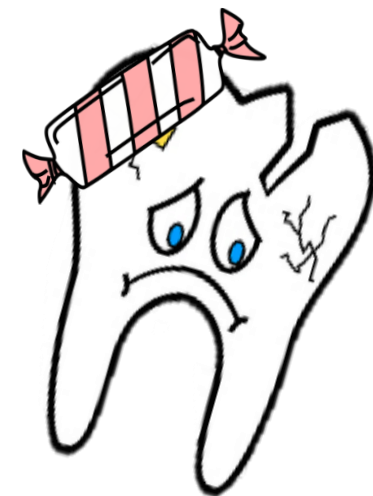

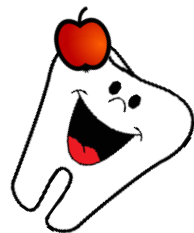

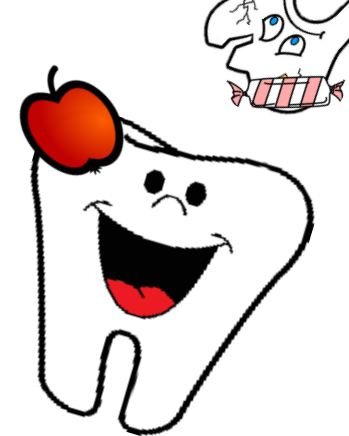

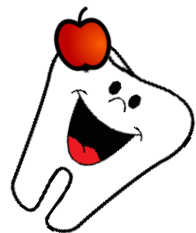

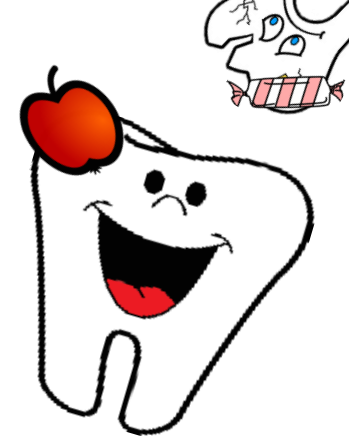

Fluor

Włoskie czy łaskowe, dla
zębów bardzo zdrowe.

Orzechy

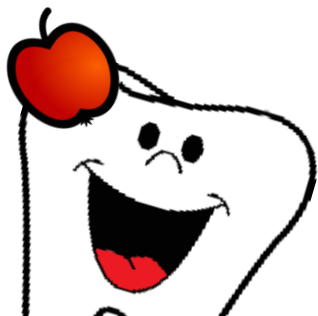

Jaki składnik jedzenia szkodliwie działa na zęby?

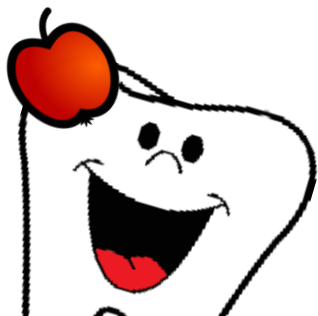

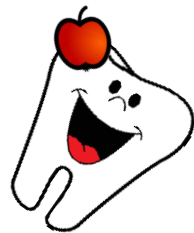

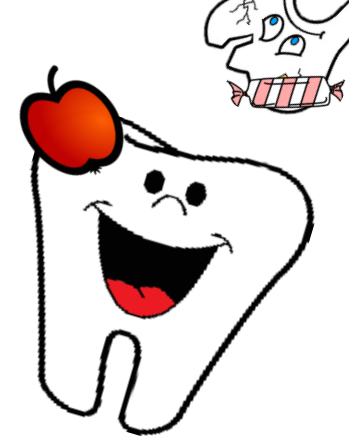

Cukry

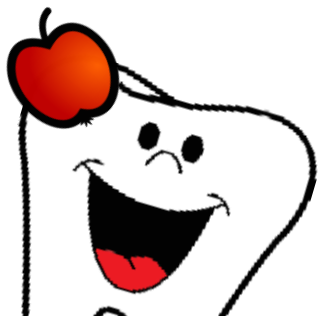

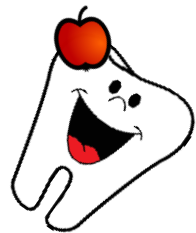

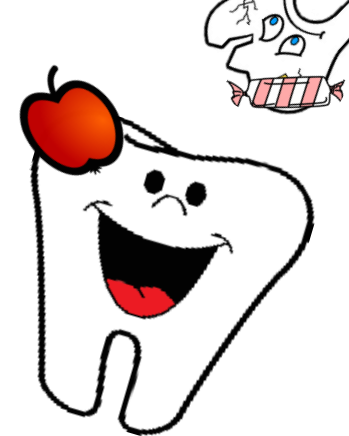

Jakiego zwierzęcia zęby są
nietypowe i rosną przez
całe życie, nie tak jak
moje?

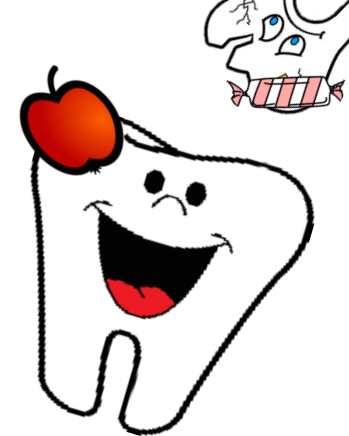

Królik,
wiewiórka

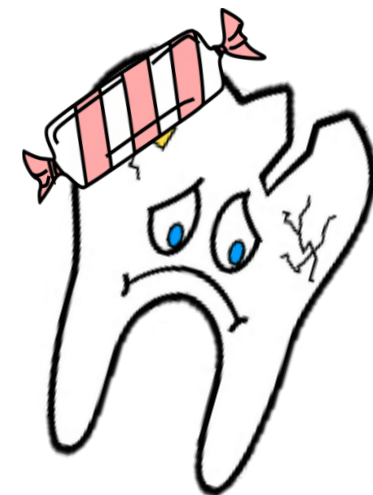

*Zęby słonia są bardzo
ciekawe, dwa wystające to
nie kły, a ...*

Siekacze

Jaki owoc pomaga
w naturalnym
oczyszczaniu jamy
ustnej?

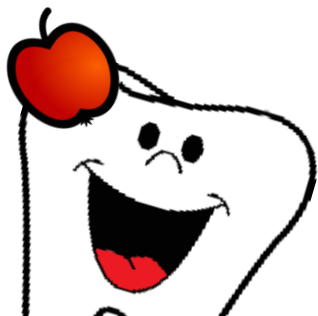

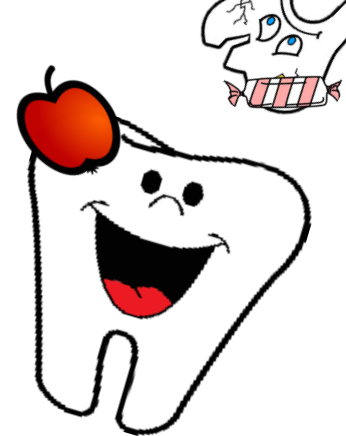

Jabłko

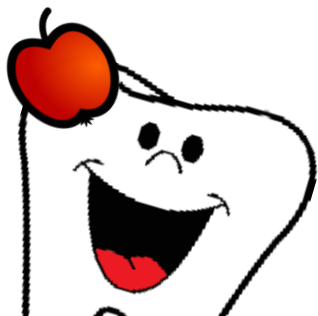

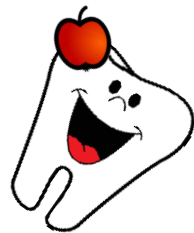

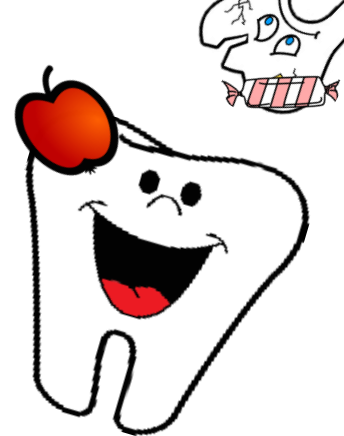

co to za zęby
co 20 ich mam?
później je zmieniam na 32.

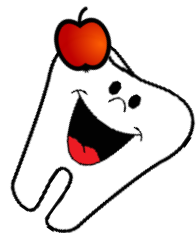

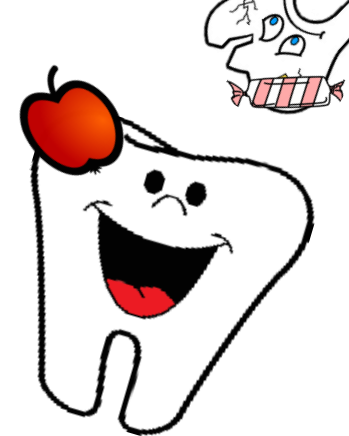

Zęby mleczne

Co to za zęby co się
wielkością różnią? U lwa
wielkie, u człowieka małe.
U lwa groźne, u człowieka
wcale.

Kty

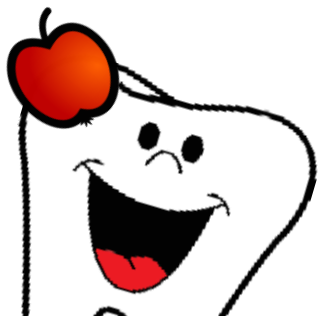

Jakie produkty
spożywcze zawierają
dużo wapnia?

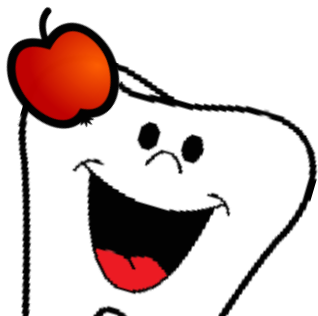

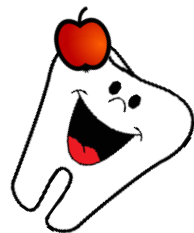

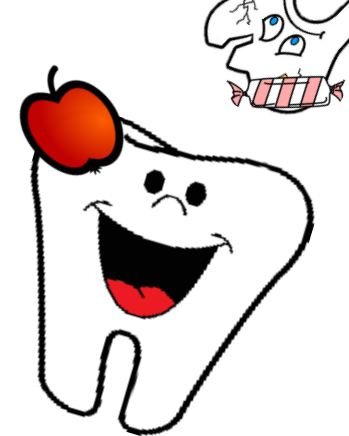

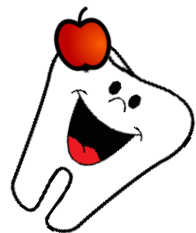

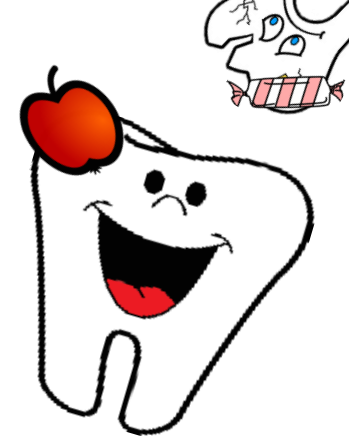

Nabiał - produkty
mleczne

**Jakie produkty
spożywcze w naturalny
sposób oczyszczają zęby
z płytki nazębnej?**

**Twarde warzywa
np. marchewka**

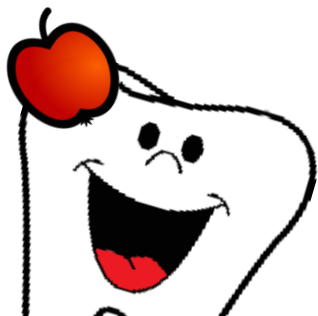

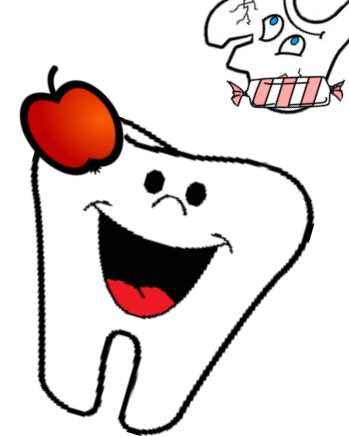

Jakie napoje sprzyjają powstawaniu prochnicy?

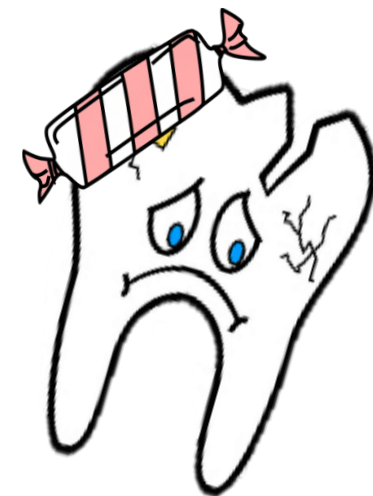

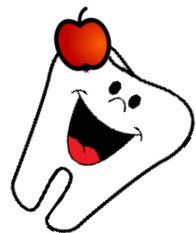

Napoje słodzone

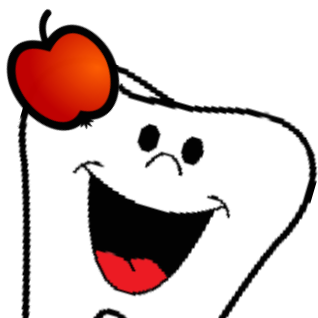

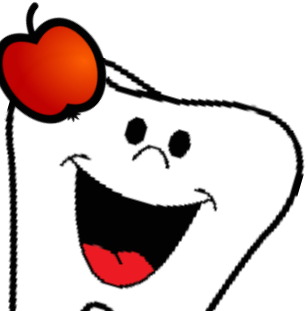

*U drapieżników
wystające i groźnie
wyglądające.*

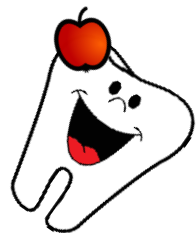

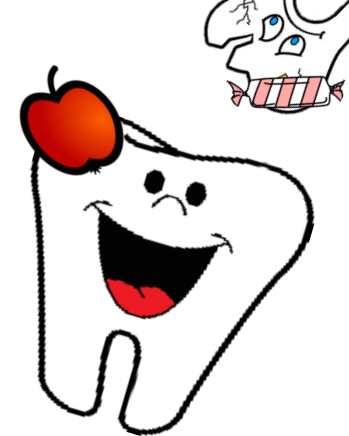

Kty

**Woda we mnie chlupie
bym z radością, z pasty
do zębów mógł optukać
Ci buzie.**

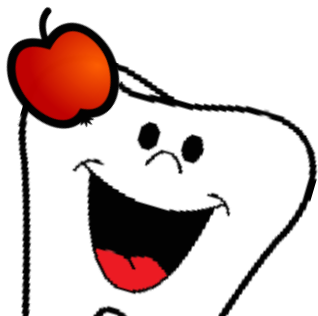

Kubek

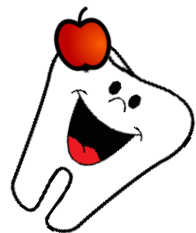

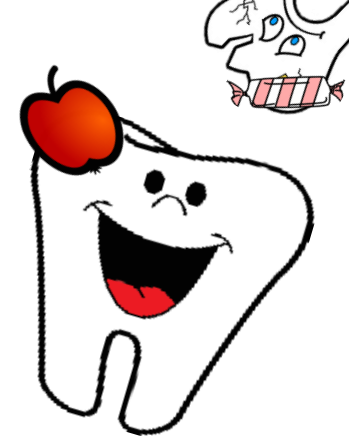

**Mate, twarde,
z wierzchu szkliste
naprawiane przez
dentystę.**

Zęby

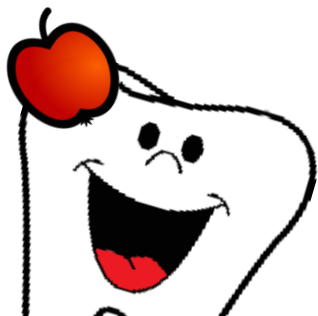

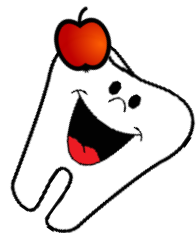

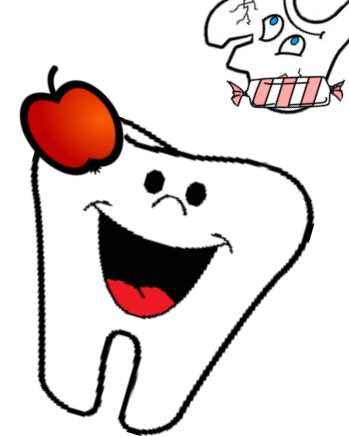

*Służy do mycia, służy
do picia. Bez niej na
Ziemi nie byłoby życia.*

Woda

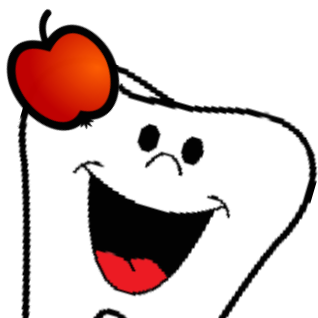

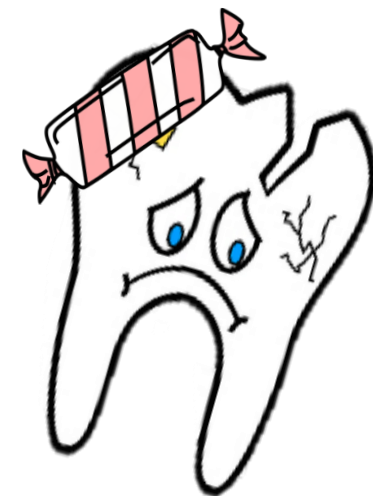

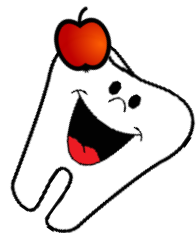

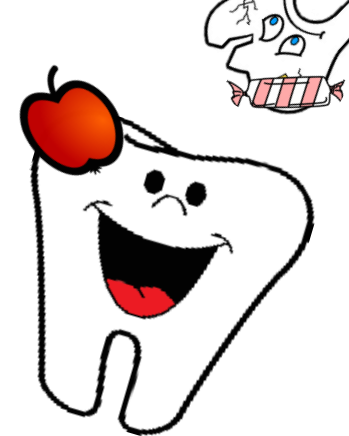

Część zęba wrażliwa na zmiany temperatur

Zębina

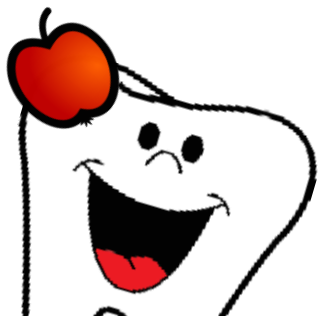

Schowata się w tubie -
wzywać jej lubię, a i
moja szczotka chętnie
się z nią spotka

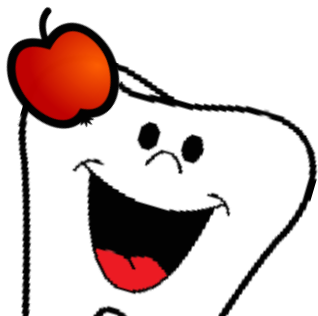

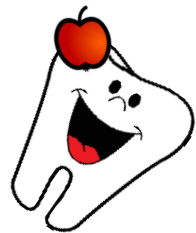

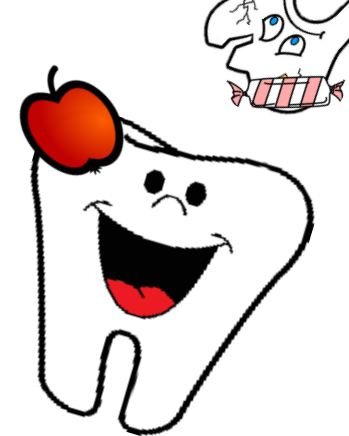

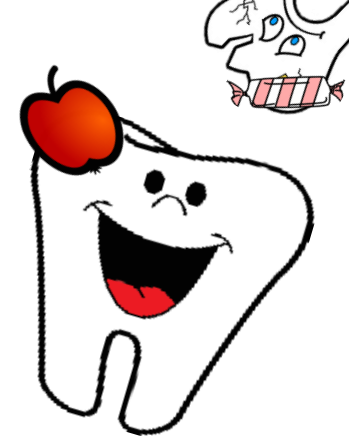

pastę do zębów

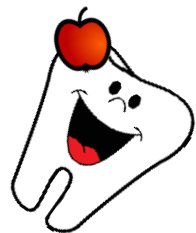

*Zęby mleczne magicznie
wypadają, a jakie zęby się
pojawiają?*

Zęby stałe

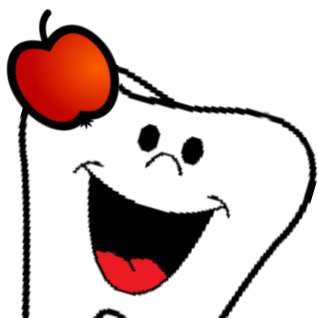

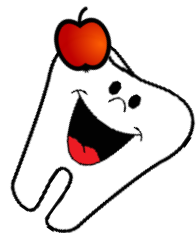

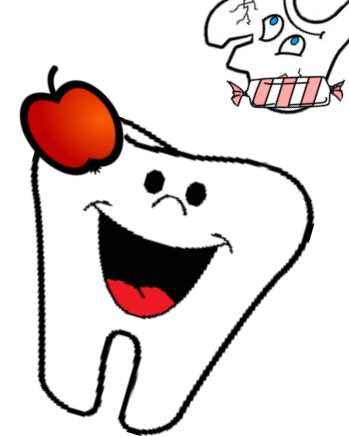

Ile kłóów ma człowiek?

4

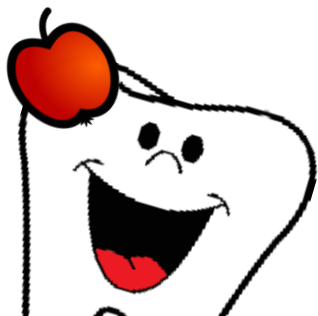

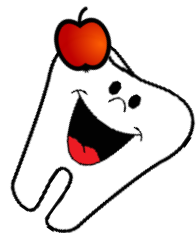

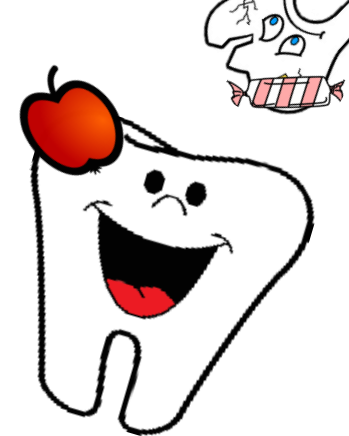

Co ile miesięcy należy
odwiedzić swojego
dentystę?

Co 6 miesięcy

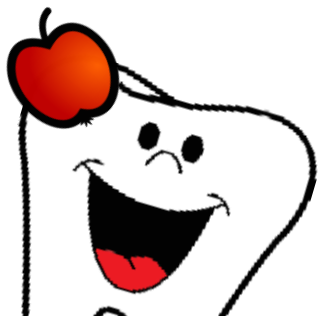

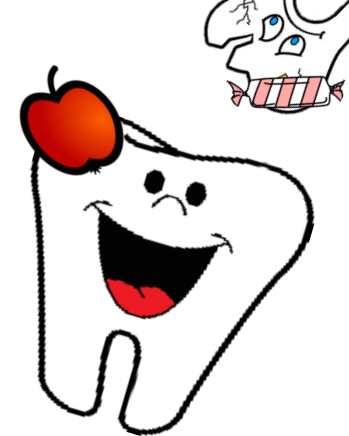

Jaka substancja składa
się w 99% z wody?

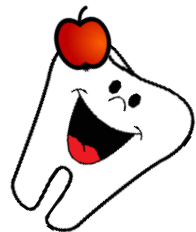

Ślina

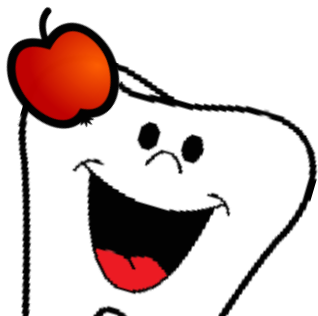

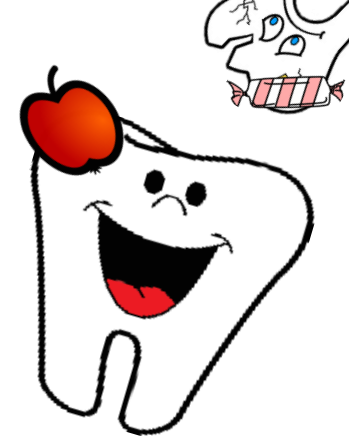

Ile rodzajów zębów mam?

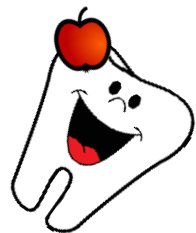

4 rodzaje
siekacze, kły,
przedtrzonowce,
trzonowce

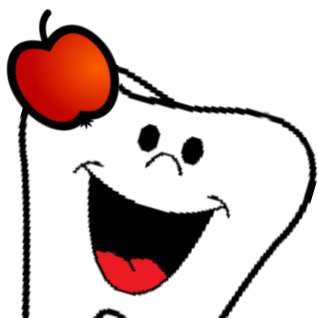

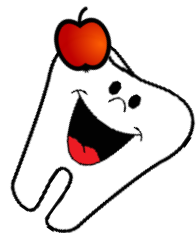

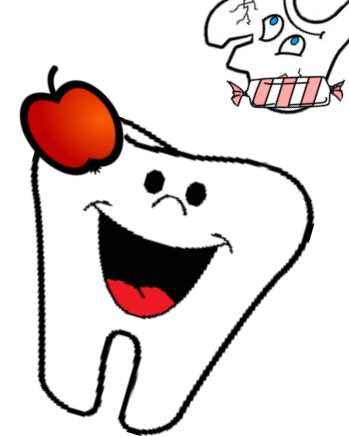

Co ile miesięcy należy
szczoteczkę do zębów
odświeżyć?

Co 3 miesiące

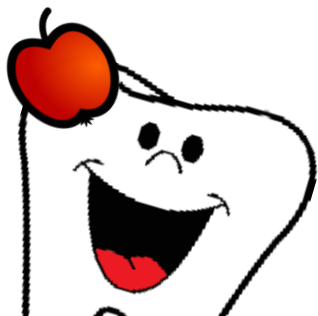

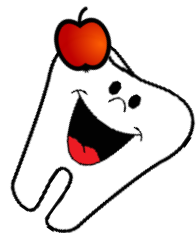

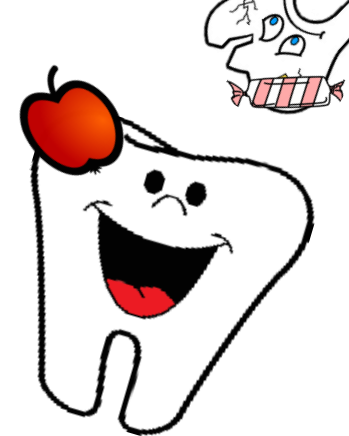

Długa i wąska, krótkimi
włoskami po zębach
płasa.

Szczoteczka
do zębów

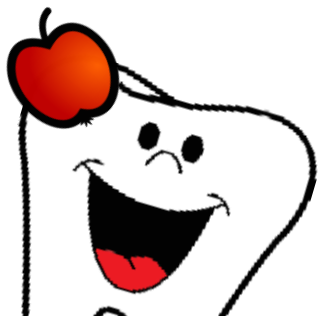

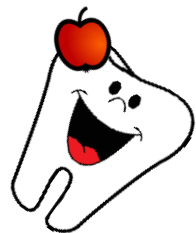

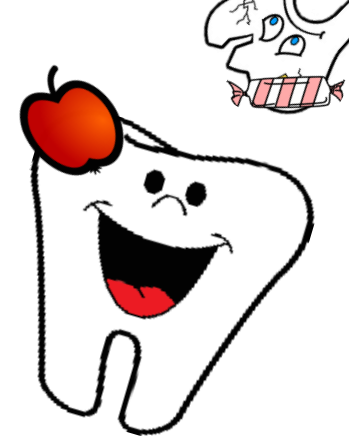

Kolorowa rączka,
czuprynka „na jeża”.
Kiedy z niej korzystam
to zęby wyszczerzam

Szczoteczka
do zębów

Najmądrzejszy wśród
zębów, a przychodzi
ostatni.

Ząb mądrości
