

Architectural drawing showing a cross-section of a building facade and roof structure. The drawing includes various construction details, material specifications, and dimensions. Key elements include:

- Roof Structure:** Shows the roof slope, rafters, and insulation layers. Dimensions include a slope of 12% and a height of 1172 cm.
- Wall Construction:** Details the wall structure, including insulation, plaster, and finishing. Dimensions include a wall height of 1172 cm and a base width of 144.39 cm.
- Window and Door Details:** Shows the construction of windows and doors, including frames, seals, and hardware. Dimensions include a window height of 147.91 cm and a door height of 147.87 cm.
- Staircase Details:** Shows the staircase structure, including steps, handrails, and balustrade. Dimensions include a step height of 147.91 cm and a total width of 144.39 cm.
- Material Specifications:** Lists various materials and their properties, such as insulation, plaster, and finishing materials.
- Dimensions and Notes:** Provides detailed dimensions and notes for each construction element, ensuring accuracy in the build.

The drawing is a technical representation of a building's cross-section, used for construction and design purposes. It includes various annotations and dimensions to guide the construction process.
