Technical drawing of a roof plan for a building with a complex, multi-gabled roof. The drawing shows the layout of the roof with various slopes and dimensions. The overall width is 24 units, divided into three sections of 4, 16, and 4 units. The overall depth is 9 units. The roof is divided into four main sections by three vertical ridges. The dimensions for the roof sections are: 20 units for the outer sections and 20 units for the inner sections. The slope of the roof is indicated as 4.8/9.6, which simplifies to 1/2.
