Our Ecosystem

Strategic Partners

Strategic Objective

*To accelerate utilisation of **AI**
in the **Public Sector**
fostering **Synergistic** Innovation
and **Openness***

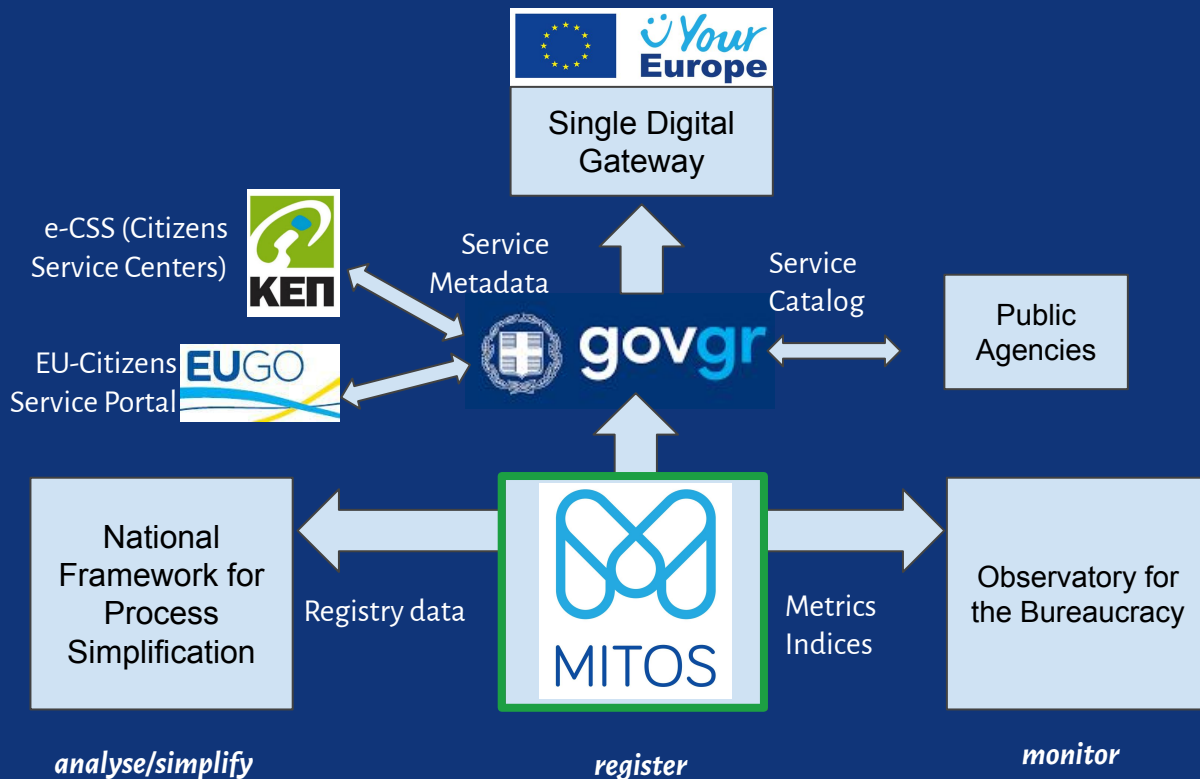

AI4PS adopted by Exec Board 2023

AI4PS Priorities

- Accelerate the **use of AI** for new, innovative Public Services.
- **Open Calls** to SMEs and startups to participate in the Digital Transformation of the Public sector, making use of ready-to-use tools & models that typically require a considerable investment in computational resources for the training and test phase.
- Special focus on providing the necessary **skills on AI to public servants** organizing courses **to reskill public servants** in future and emerging technologies.
- Engage **AI/ML practitioners** and **AI/ML solution providers** and connect them with service design practitioners and other stakeholders
- Facilitate the development, training and deployment of **AI/ML tools and platforms** (eg Sandboxes, Greek LLMs)
- SMEs and startups to participate in public procurement - **Promote PPI - PCP methods**

A holistic approach to Public Services, Procedures and Life Events

Connecting Innovators!

AI4PS - Actions

- **Synergies for the Future** - Series of engaging events
- **AI4PS Summit** and Workshops - May 2023
- Series of skills development workshops **on AI to public servants to build capacity** in future and emerging technologies. (Pilot phase with 3 events focusing on the challenges in Education)
- **Open Calls** for innovative solutions from SMEs to PSOs (25 Applications - 10 ongoing)
- Participation in the EDIH Network **thematic WG AI4PA** with special focus on AI in Public Administration
- Facilitate the development, training and deployment of **AI/ML tools and platforms** by EDIH partners (eg Greek LLMs) and cooperation with other EDIHs

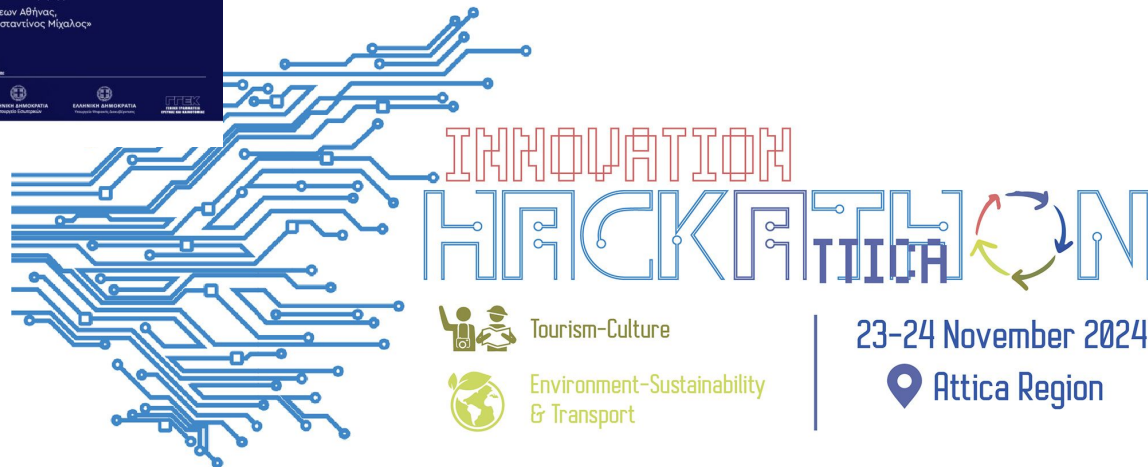

Tools & Methodologies

- Assessing the digital maturity and needs of public sector entities.
Digital Maturity Assessment - DMA
- Identification and mapping of Public Sector needs and challenges – **Design Sprints**
- **BootCamps - Innovation Marathons**
- Assessing the **Technological & Operational Readiness -TRL**
- **Test Before Invest – Acceleration - Pilots**
- Introduction of methods to exploit & procure innovative solutions, from the Pre-Commercial stage (**PIP/PCP**).
- **Networking** - exchange of know-how and good practices, through **collaborative actions**, inter-regional and international **partnerships (OPSI/OOΣA - WorldBank)**.

Open Challenge!

Innovation Marathons
