

DN-WAN.560.22.2025 (ex. DN-WAN.76.12.2024)

**RESOLUTION No. 17/2025  
OF THE SCIENCE EVALUATION COMMITTEE  
of 30 July 2025**

**on the evaluation of the quality of education at a doctoral school**

Pursuant to Article 259 (1) and Article 262 (2) of the Act of 20 July 2018 - Law on Higher Education and Science (Journal of Laws of 2024, item 1571, as amended), hereinafter referred to as the "Act", having reviewed the result of the evaluation referred to in Article 262 (1) of the Act, which was carried out by the Evaluation Team, the Science Evaluation Committee

**positively evaluate the quality of education**

at the Doctoral School

run by

the Catholic Academy in Warsaw

(in the period under evaluation also operating under the name  
Pontifical Faculty of Theology in Warsaw).

This evaluation applies to the period from 1 October 2019 to 18 December 2024.

Justification:

Based on the analysis of the self-evaluation report concerning the Doctoral School prepared by the Catholic Academy in Warsaw, and the conducted site visit, the Evaluation Team did not identify any gross irregularities in the functioning of the School. The Doctoral School operates in accordance with applicable law and is fully aligned with the mission and objectives of the Academy. All eight evaluation criteria were met to a very good standard during the assessed period. The observed minor imperfections do not affect the overall positive assessment of the School. The recommendations presented by the Evaluation Team are developmental in nature and aim to further improve the activities of the Doctoral School, rather than to address any potential shortcomings. It should be emphasised that the Doctoral School effectively fulfils its primary function, which is the education of doctoral candidates – so far, all graduates (two individuals) have obtained the doctoral degree. The education process is conducted properly by a qualified academic staff, enabling participants to acquire advanced research and teaching qualifications.

Note:

An entity dissatisfied with the evaluation may, pursuant to Article 262 (4) of the Act, raise objections to this evaluation within 30 days from the date of delivery of this resolution.

**Chair of the Science Evaluation Committee**

**prof. dr hab. n. med. i n. o zdr. Filip M. Szymański**
