SUPPORT FOR SMES

The 2023 EDF work programme provides dedicated SME calls and funding for business coaching to SMEs participating in projects selected under the dedicated calls for SMEs and disruptive technologies. In addition, to encourage SMEs participation, the EDF foresees various incentives, such as a financial bonus for projects that include cross-border SMEs.

SUPPORT FOR DEFENCE INNOVATION

The 2023 Work Programme includes **targeted measures** to stimulate defence innovation. Inbuilt measures such as **Technological Challenges**, calls focused on **SMEs & disruptive technologies**, and the **Defence Equity Facility** are all aimed at enhancing EU defence innovation.

The **European Defence Fund** will empower the **EU Defence Innovation Scheme** making it a key driver for innovation in the EU **defence sector**.

EMBLEMATIC PROJECTS IN CRITICAL DOMAINS

- Space situational awareness
- European patrol corvette
- Countering hypersonic missiles

...and preparing the ground for the development of next generation fighter systems, main battle tank, strategic air transportation.
