

Electrocardiograph E60

3/6/12-leads, easy-to-use, intuitive device

Product details:

- Manual and automatic recording modes
- Copy print
- Functional keyboard
- High resolution thermal printer
- Paper width: 110mm±112mm
- Dual power supply: mains and battery
- Filters: mains, muscle and antidrift of isoelectric line
- Cardiac pacemaker detection
- Autotest of the ECG apparatus
- Paper speed: 12,5; 25; 50 mm/s
- Recording sensitivity: 5; 10; 20 mm/mV and AUTO
- ECG parameters measurement program (analysis)
- Rhythm analysis program
- Diagram of electrodes connection on the cover of the ECG apparatus
- Sampling: 1600 Hz

Standard accessories:

- ECG cable – 1 piece
- Chest electrodes – 6 pieces
- Limb electrodes – 4 pieces
- ECG gel – 1 bottle
- ECG paper – 1 roll

Optional accessories:

- ECG trolley type E61
- Arm for ECG patient cable
