

MISIÓN PERMANENTE DE EL SALVADOR
ANTE LA ORGANIZACIÓN DE LAS NACIONES UNIDAS

PERMANENT MISSION
OF ESTONIA TO THE UN

20 May 2026

Dear representatives of relevant organizations and stakeholders,

We have the honour to invite you to participate in the inaugural Global Dialogue on Artificial Intelligence Governance (AI Dialogue), to be held in Geneva, Switzerland, on 6 and 7 July 2026, at the Palexpo International Exhibition and Congress Centre.

The AI Dialogue has been established by the General Assembly, within the United Nations, as an inclusive platform involving Member States and all relevant stakeholders to discuss international cooperation, share best practices and lessons learned, and facilitate open, transparent and inclusive discussions on artificial intelligence governance. The AI Dialogue will contribute to advancing sustainable development, closing digital divides, and ensuring that the benefits and opportunities of artificial intelligence are accessible to all.

The AI Dialogue will be convened back-to-back in the margins of the AI for Good Global Summit and during the same week as the annual World Summit on the Information Society meetings in Geneva. This provides a unique opportunity to bring together governments, the United Nations system, industry, civil society, academia, the technical community and other relevant partners engaged in artificial intelligence governance and digital cooperation.

The programme of the Global Dialogue will include high-level governmental plenary segments, multistakeholder exchanges, the presentation of the report of the multidisciplinary Independent International Scientific Panel on Artificial Intelligence, thematic discussions across four clusters, and side events. The four thematic clusters are:

- AI opportunities and implications: social, economic, ethical, cultural, linguistic and technical dimensions;
- Bridging AI divides: capacity-building, access and digital foundations;
- Safe, secure and trustworthy AI: interoperability and compatibility of approaches; and
- Respecting, protecting and promoting human rights: transparency, accountability and human oversight.

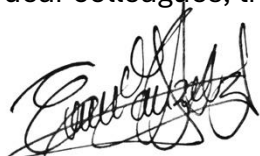

We are pleased to invite all relevant stakeholders to register and actively participate in the AI Dialogue. Your perspectives, expertise and practical experiences will be essential to ensure that the Dialogue is truly inclusive, substantive and action-oriented.

Registration is now open and will remain available until 25 June 2026 at: www.un.org/global-dialogue-ai-governance/en/registration.

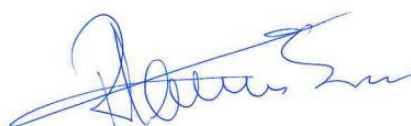

Further information on the Global Dialogue, including organizational and substantive updates, is available at: www.un.org/global-dialogue-ai-governance/en

We look forward to your active engagement and to working together to make the first Global Dialogue on Artificial Intelligence Governance a successful, inclusive and meaningful contribution to international cooperation on artificial intelligence governance.

Please accept, dear colleagues, the assurances of our highest consideration.

H.E. Ms. Egriselda López
Permanent Representative of El Salvador to
the United Nations
Co-Chair of the Global Dialogue on AI
Governance
