European
Commission

Criteria for the Annual Work Programme

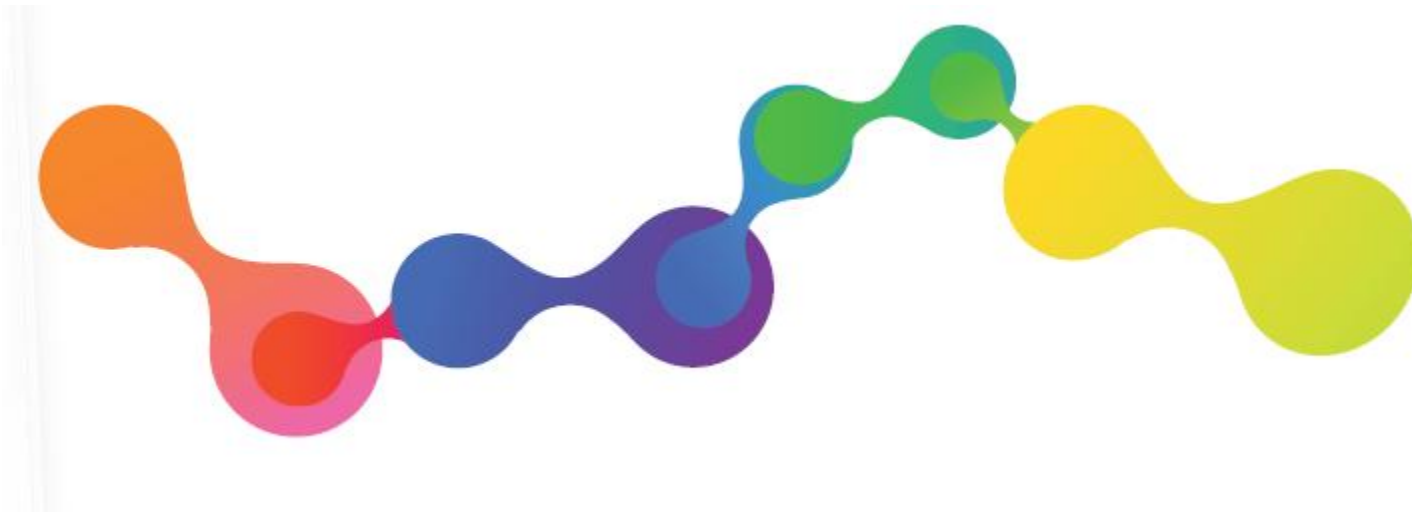

Annex II of the Health Programme Regulation

- ✓ Policy Relevance
- ✓ EU added value
- ✓ Public health relevance
- ✓ Support to implementation of EU legislation
- ✓ Balance between programme objectives
- ✓ Adequate coverage of thematic priorities

European
Commission

Major actions by priority in the Draft WP 2017

European
Commission

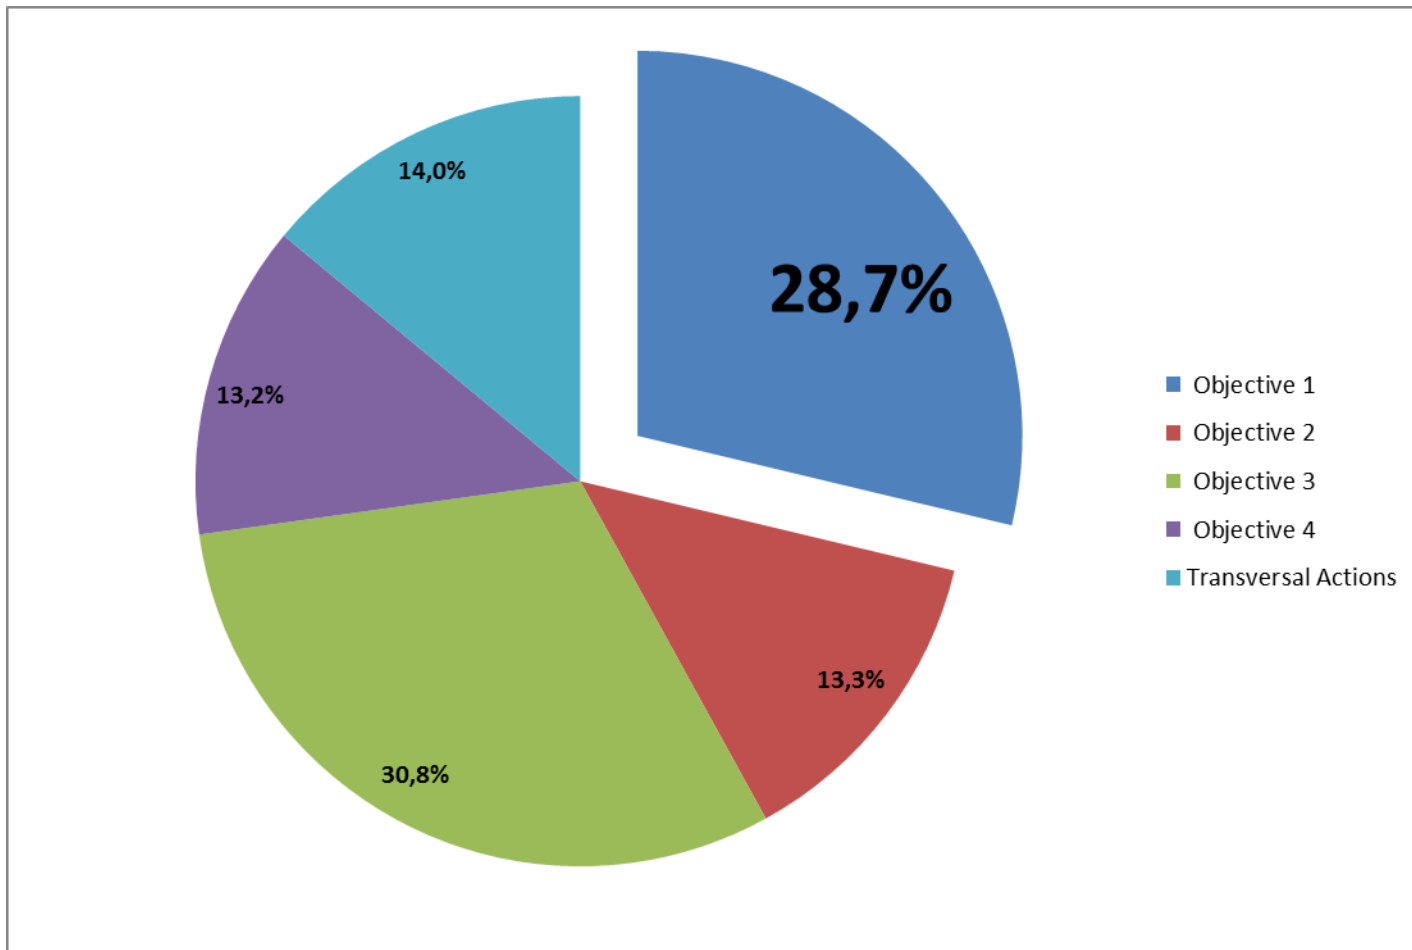

3rd Health Programme 2014-2020 – four objectives – 23 thematic priorities

- **Objective 1:** Promoting health, preventing diseases and fostering supportive environments for healthy lifestyles taking into account the 'health in all policies' principle;
- **Objective 2:** Protecting Union citizens from serious cross-border threats to health;
- **Objective 3:** Contributing to innovative, efficient and sustainable health systems;
- **Objective 4:** Facilitating access to better and safer healthcare for Union citizens.

European
Commission

Objective 1

Objective 1

- Joint Actions: **Health Inequalities** and **Cancer**
- **Alcohol related harm**
- Service contract - **tobacco products directive**
- Service contracts **Nutrition** / reformulation

Health inequalities

- *Clear policy framework with a menu of actions and recommendations for local take up and implementation at national and regional level.*
- *It includes those inequalities related to high influx of migrants and the need of integrating these particular populations in the regular health systems.*

European
Commission

Innovative Partnership on Action against Cancer

- *Make operational the previous work of CANCON on the European Guide on Quality Improvement in Comprehensive Cancer Control.*
- *Mapping existing guidelines on innovative treatments on cancer and create a database accessible for professionals.*
- *Analysis of the ongoing generation of National Cancer Control Plans in view of improvements.*
- *Review of the recommendations of the European Code Against Cancer in a long-term perspective.*

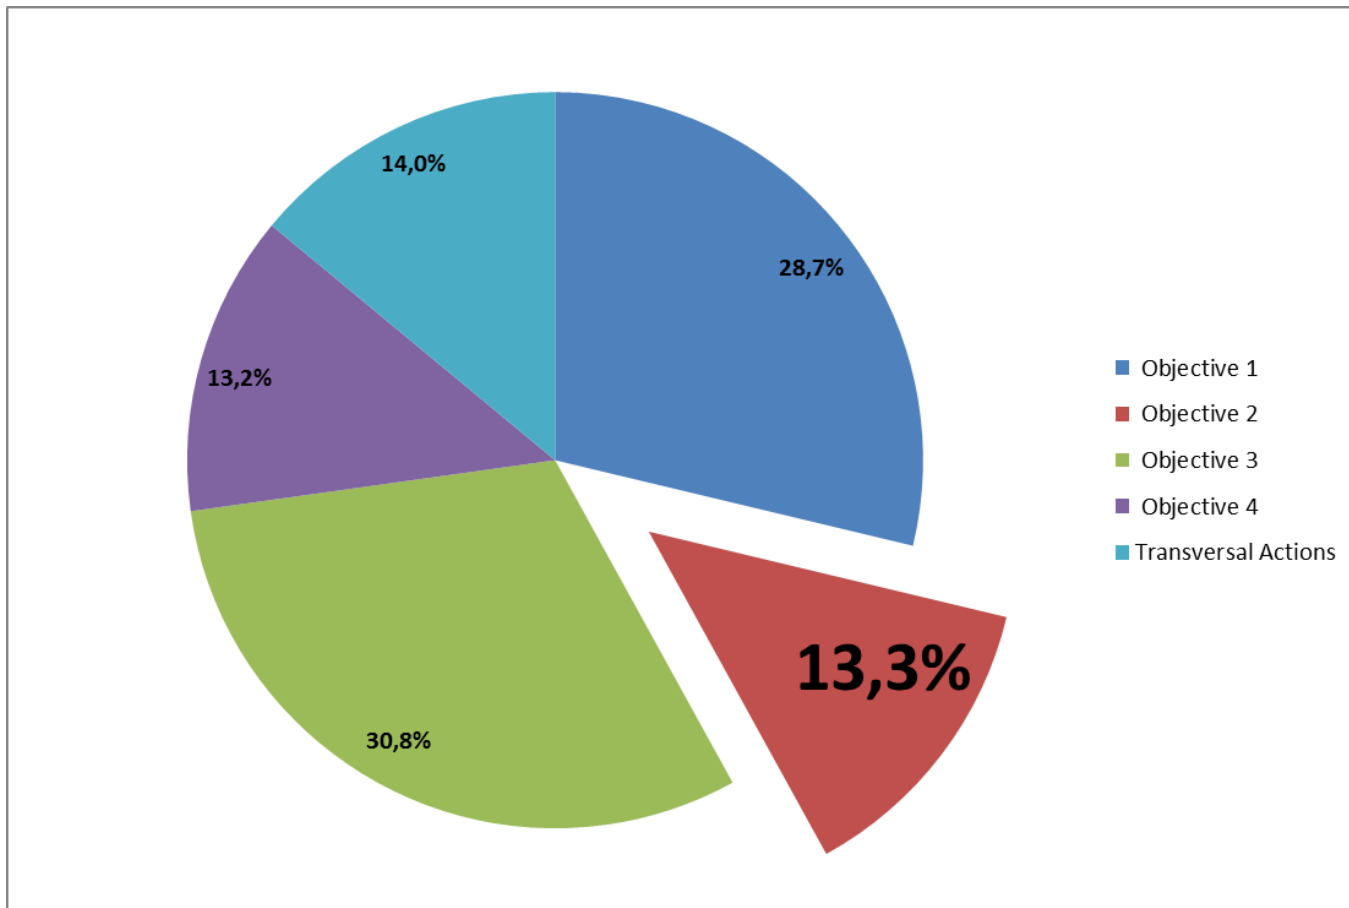

Objective 1 (ctd.)

- **State of Health in the EU** report and profiles
- **Personal health Record** IOM
- Service contracts on **health status of refugees** and **Feasibility of a European expert network**

European
Commission

Objective 2

Health
and
Food Safety

Objective 2

- Joint Actions on **Vaccination** and **preparedness and action at points of entry (air, maritime and ground crossing)**
- Service contracts: Studies on **comprehensive analysis of vaccination schedules**
- Service contracts: Study on **financial planning of national vaccination programmes**

European
Commission

Cooperation on vaccine demand planning and forecasting

- *Common principles for vaccine demand forecasting and concept/prototype of a data-warehouse for an EU-wide central repository on supply and demand data.*
- *Common criteria for priority - setting of vaccine R&D and concept/ prototype for a vaccine R&D priority-setting framework.*
- *Data requirements specs for electronic documentation sharing of vaccination-related data.*

European
Commission

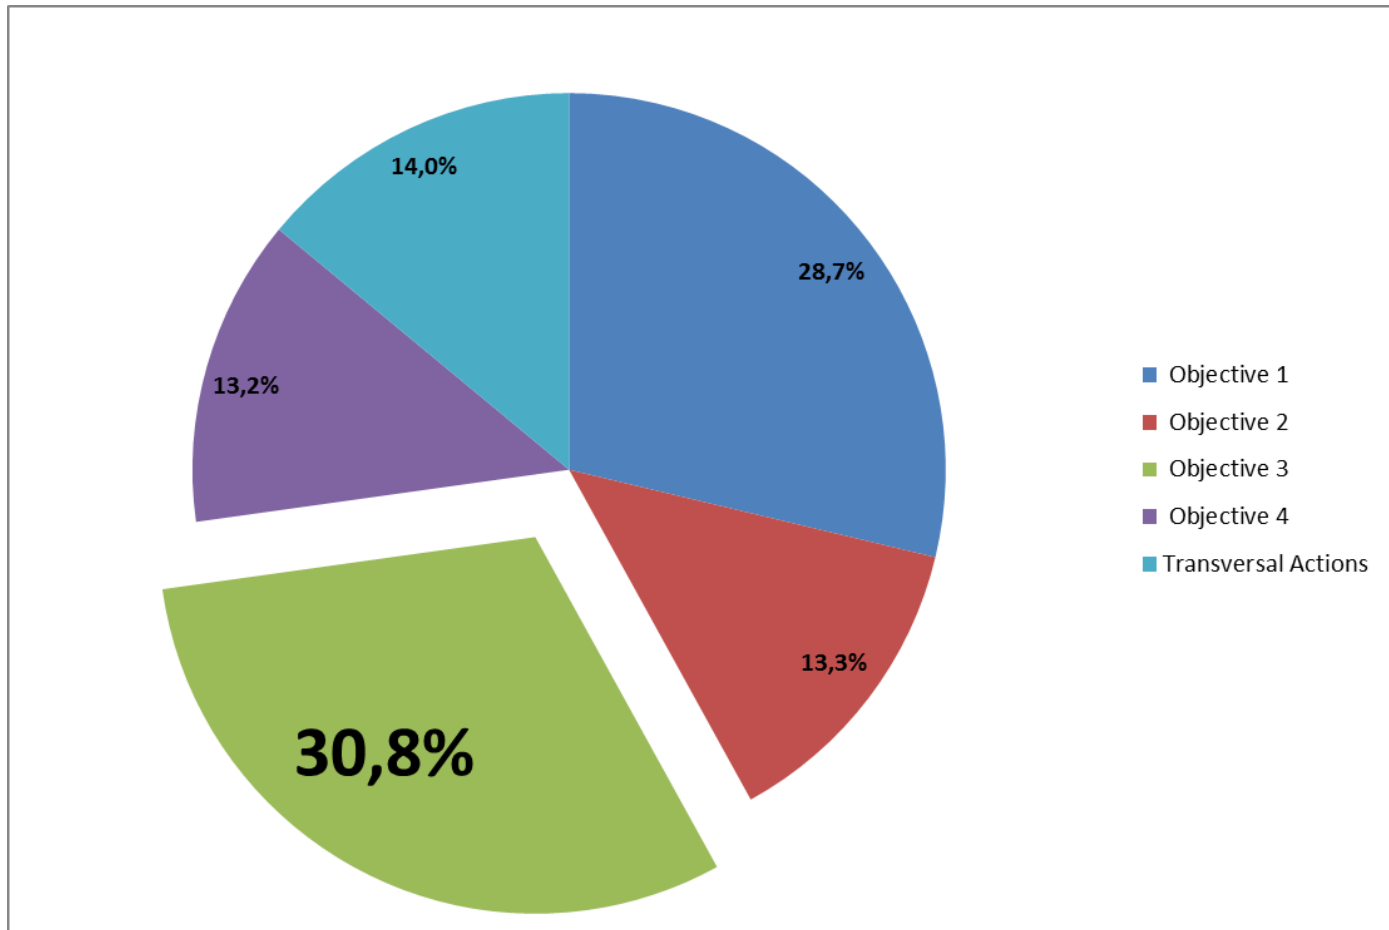

Preparedness and action at points of entry (air, maritime and ground crossing)

- *Catalogues of tested best practice and guidelines, including validated action plans, to be implemented at operational level through agencies and stakeholders in the field of transport.*
- *Basis for coordinated cross sectoral actions to control infectious disease transmission and possible vectors for pathogens on ground transportation, on ships, and in aircrafts in case of a serious cross-border threat to health affecting or inherently coming from the transport sector.*

European
Commission

Objective 3

Objective 3

- Joint Actions to support the **eHealth Network** and on **Health Information**.
- Support OECD's work on building trust and strengthening cooperation for addressing the challenges of **access to medicines**.
- Support to the **OECD to develop patient reported measures**.

eHealth

- *Support for cross-border eHealth services going beyond cross-border e-Prescriptions and patient summaries.*
- *Policy support to the eHealth Digital Service Infrastructure (eHDSI) & the Commission's Digital Single Market Strategy as regards interoperability and standardisation.*
- *Implementation of the updated eHealth Action Plan 2012-2020.*

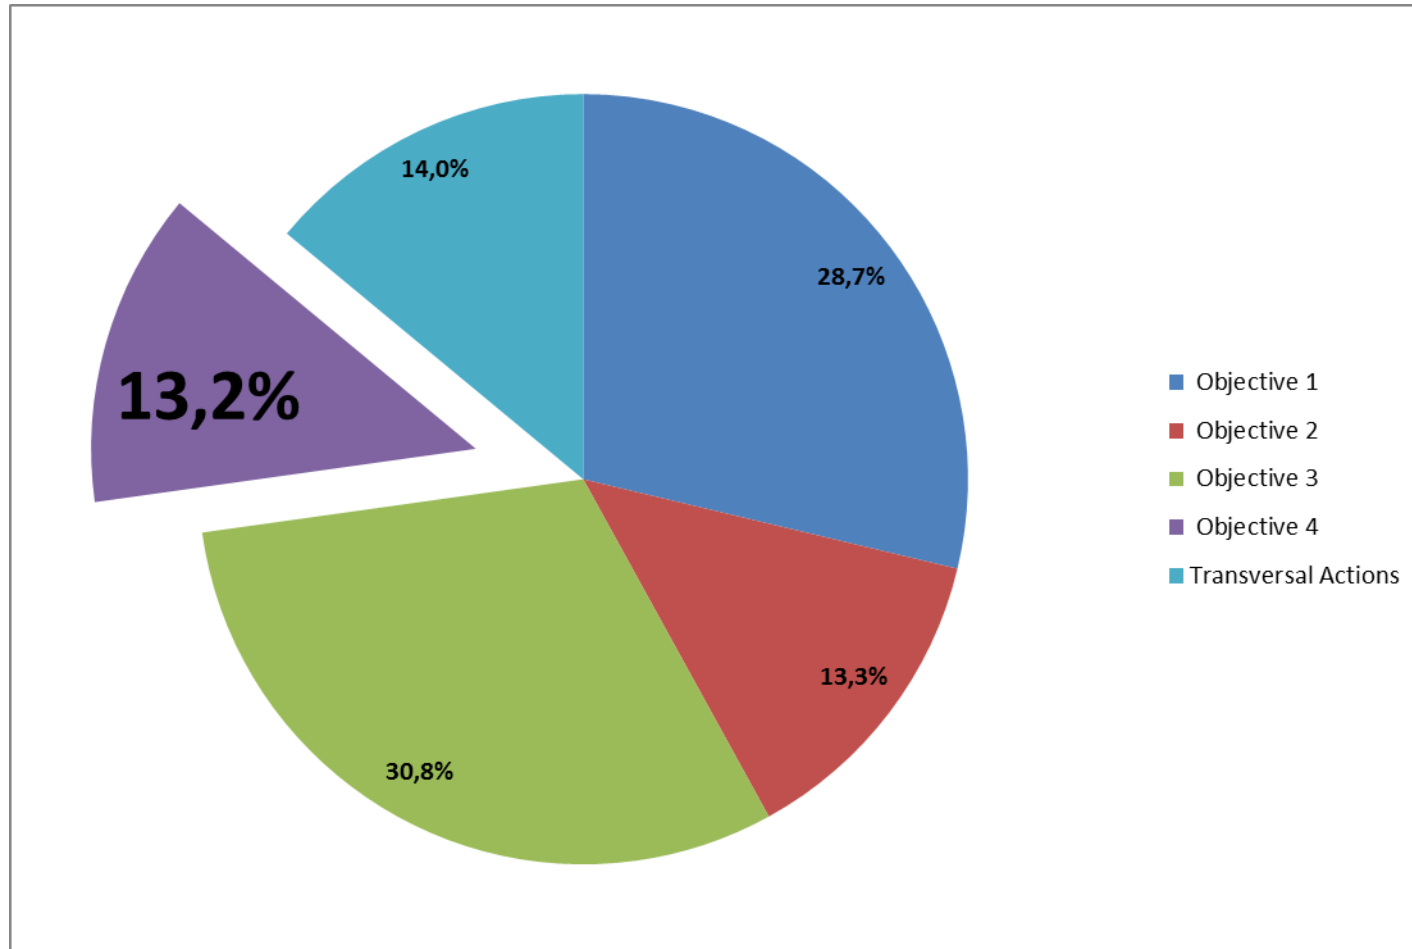

A sustainable EU health information system supporting country knowledge, health research and policy-making

- *Lead to the establishment of a European Research Infrastructure Consortium (ERIC) on Health Information by coordinating all expert networks on health information developed by the Bridging Information.*

European
Commission

Objective 4

Health
and
Food Safety

Objective 4

- Grants for European Reference Networks and ERN capacity building
- Development and maintenance of the Platform on Rare Diseases
- **Implementation assessment** on Recommendations and their implementation in the Member States

Types of action – Operational Budget

Grants for projects	– 4.85 million
Joint Actions	– 19.7 million
Operating Grants	– 5 million
Direct Grant to IO	– 9.3 million
Procurement	– 14.34 million
Other	– 7.12 million

Thank you for your attention!
