WEBSITE [Konkurs na stanowisko adiunkta/ki w Ośrodku Myśli Psychoanalitycznej | Instytut Filozofii i Socjologii Polskiej Akademii Nauk](#)

KEY WORDS psychoanalysis, philosophy of the subject, philosophy of affect, philosophy of culture

DESCRIPTION (field, expectations, comments):

The person employed will be expected to:

1. Conduct research on the philosophical implications of psychoanalysis in the fields of the philosophy of the subject, the philosophy of affect, the philosophy of culture, and philosophical aesthetics.
2. Regularly publish research findings in specialized academic journals and present findings at national and international conferences.
3. Actively participate in meetings and seminars organized by the Center for Psychoanalytic Thought at the Institute of Philosophy and Sociology (IFiS) of the Polish Academy of Sciences (PAN) and contribute to the Center's strategic development.
4. Collaborate with Center members, other Institute staff, and the broader academic community in researching the aforementioned topics.
5. Develop new initiatives and areas of activity for the Center.
6. Actively participate in securing funding for external research from national and international funding sources.
7. Collaborate with other research and academic institutions at the national and international levels. Participate in the editorial work of the academic journal 'wunderBlock: Psychoanalysis and Philosophy' and the publication series 'wunderBlock: Philosophical and Psychoanalytic Writings'.
