EEA and Norway Grants: Partner Search

Here you can download the last version of the EEA and Norway Grants Research Partner Database. You also find tips on how to find a partner in Norway or a EEA program country.

The EEA and Norway Grants Research Partner Database is an Excel-file. Please read the user manual in the file.

[EEA Grants Partner Search Database \(xlsx file\)](#)

How to find a partner in Norway- step by step

- Advertise your interest by registering in the database (see below).
- Identify potential partners institution or research groups through the partner search database or the list of Norwegian research institutions at [EURAXESS](#).
- Use the institution webpage or the contact listed in the database to make a direct personal contact with your preferred partner.
- Another option is to explore projects with Norwegian partners funded by Horizon 2020 and by RCN in [RCN's Project Databank](#).
- You can also search for partners in [Innovation Norway's Business Cooperation Database](#).

How to find a partner in an EEA program country- step by step

- Advertise your interest by registering in the database.
