

INSTRUCTIONS ON THE COLLECTION AND TRANSPORT OF STOOL SAMPLES TESTED FOR THE PRESENCE OF SALMONELLA/SHIGELLA

The test for sanitary and epidemiological purposes includes three stool samples collected on three consecutive days on transport swabs.

NOTE: Do not collect stool samples during antibiotic therapy and for 7 days after antibiotic therapy!

- Buy three transport swabs (you can buy them at our Laboratory from 8.00 to 14.00 - cost 3 PLN). Samples should be collected according to the following scheme:

DAY 1 – swab no. 1	DAY 2 – swab no. 2	DAY 3 – swab no. 3
<ul style="list-style-type: none"> defecate into a clean, scalded dish; a disposable plate can also be used; using the swab, collect some stool from several places so that <u>it is clearly visible on the swab.</u> 		
<ul style="list-style-type: none"> if the sample does not contain sufficient material it will not be accepted. put the swab into the transport test tube, close it carefully, describe with the name and surname of the person from whom the material was collected and the date and time of collection. store the collected samples at refrigerator temperature (2-8°C). DO NOT FREEZE! place the swabs for testing in a single transparent foil bag and deliver all three swabs to the laboratory on the third day (on the fourth day at the latest). 		

SAMPLES ARE ACCEPTED AT THE LABORATORY, UL. NOWOWIEJSKIEGO 60 IN POZNAŃ

FROM MONDAY TO THURSDAY 8.00-13.00.
WE DO NOT ACCEPT SAMPLES ON FRIDAYS!!!

- Fill in the Test Order legibly and carefully (it is available at the Laboratory and on the website of WSSE [Voivodship Unit of the State Sanitary Inspection] in Poznań).
- The cost of the test is 120 PLN. Payment shall be made upon the delivery of the samples.
- The results can be picked up in one week in person or by a person authorized in writing. At our Laboratory it is also possible to purchase the medical record book for sanitary and epidemiological purposes from 8.00 to 14.00 (cost: 4.50 PLN)
- After receiving the results, you should go to the occupational medicine physician to obtain a medical certificate.
