ANNEX 3

UNDP General Terms and Conditions

Overview :

PLEASE NOTE THIS IS THE RE-ANNOUNCEMENT OF RFQ-UNDP-UNCITY CPH 2021- Coffee Vending Machines and Consumables Supply

UN City Denmark kindly requests your quotation for the provision of leasing of Coffee vending machines and consumables supply.

UN City building has five floors and eight fingers in each one. Our mission is that our employees have easy access to buy a sustainable cup of Coffee at their informal meetings or before getting into one. Our main Café is located on the ground floor, at the end of one finger. For that reason, we want to propose to them another option of having a cup of coffee on each floor, so in this way, everything flows a little smoother and faster. We are looking for automatic Coffee machines with a payment method, easy to use, and with great coffee quality.
