Decree (9) 2022

First: Having a covid19 vaccination card will allow people to enter or leave without having to show a negative or positive PCR test from April 1st. 2022. The requirements for people with special need to have a medical report and a negative test within 72 hours will be implemented.

Second: All Ministries, other Departments, and non-governmental organizations have been asked to implement the recommendations of the KRG High Committee on covid19. They should also cooperate with the health teams to vaccinate the unvaccinated ones and with the application of the protection measures of covid19.

Third: continue to give awareness through Media outlets, governmental and non-governmental organizations, making more extensive efforts with COVID19, and encouraging people to be more protective and get vaccines from the nearest available Corona center.

Fourth: this decree will be enforced from 1st April 2022.
