

The drawing is a technical plan and profile of a road project. The plan view (top) shows the road's alignment with stationing from PK 0+00 to PK 1+750.00. It includes curve data such as R=1000, L=13.420, and R=150.000. Elevation points are marked along the alignment. The profile view (bottom) shows the road's vertical alignment with a red line for the proposed grade and a blue line for the existing ground. A north arrow and a scale bar are also present.
